

## INDEX

- Absorption of rain by soil, 21  
 Aerodromes, drainage of, 135  
 Air inlets to drains, 134  
 Air-raid shelters, 135
- Bare fallow, influence of drainage  
   conditions on, 150  
 Batter of ditch sides, 59  
 Bottoming-out, 61  
 Boulder clay, 39, 86  
 Bursts in drains, 52, 75, 134  
 Bush draining, 10, 65  
 Bushing of tile drains, 84, 93
- Catchment Boards, 4, 140, 146  
 Causes of wetness, 49  
 Caving-in of ditch sides, 62  
 Chalk drains, 65  
 Clay land, 3, 5, 11, 28, 39, 147  
 Climatic factors, 25  
 Concrete pipes, 83  
 Concretions in soil, 51  
 Cost of drainage work, 64, 95, 148  
 Cultivations, effect of, on drainage,  
   107, 128  
 Culverts, 49, 61
- Deep draining, 11, 57, 81  
 Denton, J. Bailey, 2, 116  
 Depth of drains, 10, 79  
 Direction of minors, 73  
 Distance between drains, 80  
 Ditches, capacity of, 57  
   carrier, 50, 53, 108  
   interceptor, 50, 53  
   piping of, 62, 137, 154  
   sides of, 59  
   spoil from, 61  
   turfing of, 60  
   weeds in, 60  
 Ditching, 5, 7, 39, 153  
 Drain pipes, 82
- Drainage, and productivity, 1  
   area of land in need of, 2, 147  
   arterial, 12, 36, 148  
   deterioration of, 1, 5, 7  
   effect of cultivations on, 122, 128  
 Drainage authorities, public, 4  
 Drainage conditions in the field, 35  
 Drainage machinery, 152  
 Drainage problems, investigation of, 49  
 Drainage season, 21  
 Drainage work, costs of, 7, 64, 90  
   in England and Wales, 2, 148  
   season for, 84  
 Drains, how they work, 117  
   public, 52  
 Drift maps, as guides to mole draining,  
   87  
   use of, 47  
 Drinking places for stock, 50  
 Drought, effect on drainage, 19  
 Dyes, use of for tracing drains, 74
- Earthworms, effect on drainage, 25  
 Elkington, Joseph, 10, 37  
 Elkington drains, 67, 74  
 Evaporation of water from soil, 14  
 Excavations, 60  
 Experimental work in drainage, 116
- Fall in drains, 61, 74, 84, 93, 109  
 Fen drains, 55, 80  
 Field fortifications, drainage of, 138  
 Financial assistance for drainage  
   work, 3, 153  
 Fissuring effect of mole plough, 90, 99  
 Fissuring in clay soils, 53  
 Flooding, 4  
   influence of field drainage on, 141  
 Fowler, John, 12
- Gauges, recording, 121, 130  
 Gault clay, 16

- Geological Survey maps, use of, in drainage work, 35, 45, 47, 87  
 Grants for drainage work, 3, 8, 89, 153  
 Grassland, drainage conditions in, 148  
 Gravel-filled drains, 10, 136  
 Grid system of drains, 73  
 Ground water, 27  
 Gun pits, drainage of, 138
- Hardpan, 43  
 Herringbone system of drains, 73  
 History of draining, 10
- Inland Water Survey Committee, 140  
 Interceptor principle in draining, 10  
 69, 78  
 Internal drainage boards, 4
- Johnstone, John, 37
- Land Drainage Act, 1930, 12  
 Landing grounds, treatment of the site, 63  
 Layout of drain systems, 78  
 Lime status and stability of soils, 76
- Mains, capacity of, 131  
 Maps, use of, in drainage work, 45  
 Mechanical analysis of soils, 24, 88  
 Meters for drain flow, 121  
 Moisture properties of soil, 14, 17  
 Mole channels, 100, 103  
 Mole drain performance, 122  
 Mole draining, 13, 72, 86, 98, 106, 113, 148, 154  
 cost of, 95  
 direction of pull, 99, 115  
 pulling from ditch, 115  
 season for, 96, 100, 110, 115  
 Mole drains, causes of failure of, 108  
 depth of, 89, 92, 101  
 layout for, 93  
 life of, 6, 90, 97, 102  
 mains and outfalls for, 93, 109, 113, 131  
 specification for, 92, 97, 101, 113  
 Mole ploughs, 91, 97, 98, 100, 109, 110  
 Mole slit, 97, 99, 104
- Mole-and-tile draining, 96, 107, 154  
 Moled mains, 94, 110, 113  
 Mottling in subsoils, 51, 88  
 Mulching, effect of, on soil moisture, 21
- Ordnance Survey maps, 45  
 Outfall rates, 105, 118  
 Outfall records, automatic, 129  
 Outfalls, 6  
 diameter of, 132  
 signs of, when hidden, 49  
 types of, 85
- Parkes, Josiah, 10  
 Particle size in soils, 24  
 Percolation, 24  
 Permeability, 6, 71, 96  
 Pipes, concrete, 83  
 size of, 83, 132, 159  
 Plans of drain systems, 74  
 Plug draining, 11  
 Ponds, diagnostic value of, 47  
 Profile characteristics of soil, 16  
 Public drains, 4  
 Puddling, effect of, 71, 139
- Rainfall, 14  
 Ridge and furrow in drainage work, 92, 115, 137  
 River flow, 140  
 Rods, use of, in drains, 75, 78  
 Roots in drains, effect of, 77  
 Running sand, 62, 84  
 Run-off, factors influencing, 121, 129, 158  
 rates of, 119, 122, 142
- Season for draining work, 84, 115  
 Sheep drains, 40  
 Silting, 6, 49, 76, 103  
 Site characteristics in drainage, 35  
 Smith, James, 10  
 Soil, signs of bad drainage in, 51  
 Soils, examination of, for mole draining, 87  
 suitable for mole draining, 86, 91, 98  
 Spoil from ditches, 61

## INDEX

163

- Sports grounds, drainage of, 135  
 Spring lines, 41, 43, 74, 78  
 Springs, 27, 43  
 Steam draining, 12, 90, 110  
 Stone drains, 10, 65  
 Structure in soil, 17, 25, 32  
 Surface drains, 8, 40, 139  
 Surface water-logging, 28
- Tenant right in drainage work, 9  
 Texture of soils, 25  
 Thorough draining, 67, 73  
 Tile draining, 64, 155  
 Tiles, 6, 10, 82  
 Tillages, effect of, on drainage, 34, 128  
 Tilth in soil, 17, 25  
 Trenches, drainage of, 138
- Underground water, movement of, 69, 71
- Vegetation, effect of in drainage, 33
- Water table, effect of drains on, 71  
 formation of, 26, 41, 69  
 fluctuations of, 28, 119  
 in clay soils, 32, 120
- Waterlogging, effect of, on plant growth, 70
- Waterways, size of, in relation to floods, 145
- Weathering and permeability, 25
- Weeds of wet land, 50
- Wet land, signs of, 50
- Winch and cable tackle, 112
