

## Compositio Mathematica

This journal is owned by the Foundation Compositio Mathematica. It is the purpose of the foundation to publish first-class mathematical research papers. By tradition, the journal published by the foundation focuses on papers in the main stream of pure mathematics. This includes the fields of algebra, number theory, topology, algebraic and analytic geometry and (geometric) analysis. Papers on other topics are welcome if they are of interest not only to specialists. All contributions are required to meet high standards of quality and originality and are carefully screened by experts in the field.

To view information on how to prepare and submit papers to the Journal, please visit the web page at [www.compositio.nl](http://www.compositio.nl).
