1. GENERAL

The book you are a contributor to is published by T.M.C. Asser Press. It is produced, marketed and distributed for Asser Press by Springer-Verlag (Heidelberg, Dordrecht, New York) as hardcover book and as e-book, and by Cambridge University Press (Cambridge, UK) as hardcopy and online periodical. Springer and Cambridge's innovative online programmes make it possible for YIHL to be part of their successful consortia and e-book programmes, which are now available at thousands of universities and libraries worldwide. These innovative approaches make certain demands upon the preparation and submission of your manuscript, as seamless transformation to the various formats, and especially the e-book, requires certain strictly consistent structures.

2. SUBMISSION OF YOUR MANUSCRIPT

Your submission should be in Word format and can be sent to Assistant Managing Editor Christophe Paulussen, c.paulussen@asser.nl.

Your manuscript should include

- The full name, affiliation and e-mail address of the author(s) in an *unnumbered* footnote
- An abstract of the article
- A minimum of six keywords
- A reference list at the end of the article (see section 3 below)

For headings use the decimal system:

1. Section
- 1.1 Subsection
- 1.1.1 Sub-subsection

3. FOOTNOTES, REFERENCES , REFERENCE LIST, FIGURES AND SOURCES

Footnotes and References

References should be cited in footnotes. References to literature should be given in a shortened form and only include: author name(s), year of publication and page number or paragraph (margin) number. Some examples:

- One author: Miller 1991, p 17 *or* Miller 1991, para 30
- Two authors: Miller and Smith 1991, p 17 *or* Miller and Smith 1991, para 30
- Three authors or more: Miller et al. 1991, p 17 *or* Miller et al. 1991, para 30

In case there are two or more titles of one author in the same year, use a, b, c etc., for example:

- Barnard 2008a, p 341
- Barnard 2008b, p 295
- Barnard 2008c, p 131

The complete bibliographical information of the citation should be given in a **Reference list** at the end of the article (see 'Reference list' below).

Please note that only if the reference section is structured as outlined above, can individual references be cross-linked with other sources. This is an important benefit of the e-book version. If the footnotes and references are not submitted in this form, the copyeditor will carry out the necessary corrections.

Reference list

Each article should contain a list of references cited by the author. Entries in the list must be listed alphabetically. The rules for alphabetization are:

- First, all works by the author alone, ordered chronologically by year of publication
- Next, all works by the author with a co-author, ordered alphabetically by co-author
- Finally, all works by the author with several co-authors, ordered chronologically by year of publication.

Please refer to the following examples:

- Journal article
Kireeva I (2009) European case law and the WTO ruling on conflicts between geographical indications and trademarks. ERA forum 10:199-214 (volume number : page numbers)

Figures

- For the best quality final product, please submit all figures/illustrations – photographs, line drawings, charts, tables etc. – in an electronic format.
- Each figure should have a concise caption describing accurately what the figure depicts. Include the captions in the text file of the manuscript, not in the figure file itself.
- When preparing your illustrations/figures, please size them to fit in the page width, which in most cases will not exceed 117 mm wide and 198 mm high.

Sources

If you copy long text passages, figures or tables from other works, you must obtain **permission** from the copyright holder (usually the original publisher) for both the print and online format. The source must be acknowledged in the legend or table heading. If the source is in a foreign language, please provide a translation.
