Every effort has been made in preparing this publication to provide accurate and up-to-date  
information which is in accord with accepted standards and practice at the time of  
publication. Nevertheless, the authors, editors and publisher can make no warranties that the  
information contained herein is totally free from error, not least because clinical standards are  
constantly changing through research and regulation. The authors, editors and publisher  
therefore disclaim all liability for direct or consequential damages resulting from the use of  
material contained in this publication. The reader is strongly advised to pay careful attention  
to information provided by the manufacturer of any drugs or equipment they plan to use.
