Introduction *page* 1

I ENVIRONMENTAL SAMPLING AND MONITORING (MAJOR PARAMETERS)

- | | | |
|---|---|----|
| 1 | Water motion
<i>Mark W. Denny</i> | 7 |
| 2 | Light
<i>J. Ramus</i> | 33 |
| 3 | Nutrients
<i>Patricia A. Wheeler</i> | 53 |

II ASSESSMENTS OF POPULATIONS AND COMMUNITIES

- | | | |
|----|---|-----|
| 4 | Collection, handling, preservation, and logistics
<i>Roy T. Tsuda and Isabella A. Abbott</i> | 67 |
| 5 | Electrophoresis
<i>Donald P. Cheney</i> | 87 |
| 6 | Natural products chemistry: uses in ecology
and systematics
<i>James N. Norris and William H. Fenical</i> | 121 |
| 7 | Destructive (harvest) sampling
<i>Robert E. De Wreede</i> | 147 |
| 8 | Nondestructive sampling
<i>Mark M. Littler and Diane S. Littler</i> | 161 |
| 9 | Remote sensing and mapping
<i>T. Belsher, L. Loubersac, and G. Belbeoch</i> | 177 |
| 10 | Subtidal techniques
<i>Michael S. Foster, Thomas A. Dean, and Larry E.
Deysher</i> | 199 |

Table of Contents

[More information](#)

vi

Contents

- | | | |
|----|--|-----|
| 11 | Equipment for conducting research in deep waters
<i>Sylvia A. Earle</i> | 233 |
| 12 | Demography
<i>A. R. O. Chapman</i> | 251 |
| 13 | Succession
<i>Michael S. Foster and Wayne P. Sousa</i> | 269 |
| 14 | Biomechanics
<i>M. A. R. Koehl and Stephen A. Wainwright</i> | 291 |
| 15 | Biogeographical analyses
<i>Louis D. Druehl and Robert G. Footitt</i> | 315 |

III ECOLOGICAL ENERGETICS

- | | | |
|----|---|-----|
| 16 | Respirometry and manometry
<i>Clinton J. Dawes</i> | 329 |
| 17 | Electrodes and chemicals
<i>Mark M. Littler and Keith E. Arnold</i> | 349 |
| 18 | The carbon-14 method for measuring primary productivity
<i>Keith E. Arnold and Mark M. Littler</i> | 377 |
| 19 | Measurement of photosynthesis by infrared gas analysis
<i>John A. Browse</i> | 397 |
| 20 | Carbon allocation
<i>Richard G. Buggeln</i> | 415 |
| 21 | Open-flow systems
<i>Donald W. Kinsey</i> | 427 |
| 22 | Growth patterns and rates
<i>Boudewijn H. Brinkhuis</i> | 461 |
| 23 | Calorimetry
<i>Thomas H. Carefoot</i> | 479 |
| 24 | Nutrient uptake
<i>Marilyn M. Harlin and Patricia A. Wheeler</i> | 493 |

IV BIOLOGICAL INTERACTIONS

- | | | |
|----|--|-----|
| 25 | Competition among macroalgae
<i>E. J. Denley and P. K. Dayton</i> | 511 |
| 26 | Herbivory
<i>Robert L. Vadas</i> | 531 |
| 27 | Pathology
<i>John H. Andrews and Lynda J. Goff</i> | 573 |
