

Index

- access prices
 - asymmetric, 62, 118, 159, 167, 195, 201, 228
 - cost-based, 58, 92, 100, 143
 - negotiated, 66, 95
 - non-cooperative choice of, 167
 - reciprocal, 53, 59, 95, 145, 158, 165, 192, 198, 226
- access revenues, 47
- adverse selection, 32
- backbone, 11
- barrier to entry, 27
- bill and keep, 167
- bottleneck, *see* essential facility, 11
- bundling, 29, 250
- cable network, 87
- calling patterns
 - balanced, 47, 163, 188
 - home-biased, 197
 - segment-*i*-biased, 197
 - unbalanced, 169
 - uniform, 189
- capacity shortage, 129, 161, 250
- carrier-preselect, 122
- carrier-select, 14, 122, 231
- circuit switching, 10
- comparative statics, 72, 154, 176
- compatibility, 31
- competition policy, 247
- consumers surplus, 48
- corner solution, 54
- cost of regulation, 49
- cross-subsidization, 221, 244
- customer access network (CAN), 11
- demand
 - constant elastic, 61
 - linear, 42
- double marginalization, 30
- ECPR, 35, 147
- entry deterrence, 27, 30, 97
- equilibrium, 50, 55
 - existence of, 52, 79
 - uniqueness of, 52, 78
- essential facility, 11, 22, 31, 35, 134
- flat fee, 157
- global maximizer, 81
- global price cap, 34
- incentive regulation, 32
- indirect access, 14
- inefficient entry, 242
- infant market, 58, 89
- interconnection, *see* network interconnection, 13
- Internet, 249
- lease price, 116, 153
- leverage, 31, 250
- linear pricing, 37, 143
- local loop, 11
- local loop unbundling, 14, 24, 116, 153, 162, 229
- margin squeeze, *see* price squeeze, 25
- marginal cost pricing principle, 51, 165, 208
- mature market, 53, 89
- mixed entry, 216, 233
- mobile telephony, 13, 38, 163, 247, 249
- moral hazard, 33
- Nash equilibrium, *see* equilibrium, 50
- national regulatory authority, 15
- natural monopoly, 1, 15, 23
- network congestion, 161
- network externality, 31, 45, 164
- network interconnection, 13, 32, 244
- Newton's method, 55, 81
- non-linear pricing, 29, 37

272 Index

- one-way access, 26, 35, 122
- open network provision, 15
- originating access, 14, 121
- packet switching, 12
- partial entry, 216
- participation constraint, 41
- perceived marginal costs, 51
- point of interconnect, 13
- predatory pricing, 221
- price cap, *see* global price cap, retail price cap, 34
- price discrimination, 29, 30
- price squeeze, 25, 122, 127
- producers surplus, 48
- product differentiation, 28, 30, 84
- profit maximization, 50, 110
- profit neutrality, 53, 158, 166, 191
- raise the rival's costs, 126
- Ramsey prices, 34
- rate-of-return regulation, 33
- receiver charges, 41
- regulatory capture, 245
- regulatory taking, 245
- regulatory uncertainty, 246
- resale, 18, 24, 133
- retail price cap, 17, 36, 68, 100, 119, 127, 152, 161, 220
- segmented market, 185
- significant market power, 16, 20
- stickiness, 43, 61, 107, 204
- strategic complements, 59, 113, 154, 168, 175
- sunk costs, 26, 242
- sunset clause, 136, 245
- switching cost, 28, 42, 90, 125, 204
- tacit collusion, 37, 66, 145, 235, 238
- terminating access, 14
- termination-based price discrimination, 31, 37, 163
- total access markup, 123
- track record, 91
- two-part tariff, 29, 37, 39, 51
- uniform pricing, 17, 208, 220, 225, 244
- universal service, 17, 18, 24, 216, 221, 225, 243
- utility
 - conditional indirect, 91
 - fixed, 40
 - net, 41
 - traffic independent, 91
 - with constant elasticity of demand, 61
- vertical relationship, 30
- vertical separation, 23
- welfare, 48
- wireless local loop, 87
