Preface

My most outstanding debt of gratitude is to John Goldthorpe, who acted as supervisor to the research upon which this book is based. His patient and rigorous criticisms were of enormous value at all times. I am also grateful to Professor Ilya Neustadt and Professor Percy Cohen for their early encouragement, and my colleagues Jeremy Tunstall and Ken Thompson for their suggestions and support. I would also like to thank Kathy Tyrell for her enthusiastic, conscientious and efficient work in preparing the typescript. Bob Blackburn was extremely helpful and diligent in editing the book.
