ACKNOWLEDGEMENTS

My first debt is to Richard Cobb, whose teaching and advice have sustained and continually renewed my interest in the French Revolution over the last seven years. His views, or at least some of them, have indirectly but inevitably found their way on to these pages.

A work as dependent on secondary sources as this must owe a considerable obligation to a host of scholars, whose research has made the book possible. Since I cannot mention them all here, I hope they will regard my bibliography as a sufficient indication of the debt I owe them. Of those not included in the bibliography, I should thank Colin Jones, who was kind enough to let me see a copy of his unpublished dissertation on 'Social Aspects of the Treatment of Madness in the Paris Region, 1789–1800'.

I must also thank the Fellows of King's College, Cambridge, where this book was written during the tenure of a fellowship, for supporting my visits to Parisian archives and libraries.

Finally, I must thank Jacci, my wife and sternest critic.
