PART I: PLEISTOCENE GEOLOGY (R.W.H.)

A. SHORELINES AND MARINE DEPOSITS

Introduction

<i>Chapter I</i> Tolmeita to Ras et Tin	19
II Tolmeita to Antelat	40
III Chronology	59
IV Summary and final discussion	68

B. CONTINENTAL DEPOSITS

Introduction

V Alluvial deposits	74
VI Consolidated dune-deposits	84
VII Tufaceous deposits	100
VIII Chronology	130
IX Summary and final discussion	135

PART II: PREHISTORY (C.B.M.McB.)

X The archaeology of the earlier valley-deposits of the eastern Gebel Akhdar	141
XI The cultural succession of the Sahel	160
XII The cave of Hagfet et Tera	176

CONTENTS

XIII	The excavation and archaeological results at the cave of Hagfet ed Dabba	191
XIV	Prehistoric finds from neighbouring territories, and the social background to the Neolithic in northern Libya	<i>page</i> 219
XV	Neolithic material from northern Libya, and the problem of the spread of Neolithic arts and crafts along the North African littoral	237
XVI	Final summary of the archaeological results	270
<i>Appendix A</i>	Vertebrate faunas of Quaternary deposits in Cyrenaica (Miss D. M. A. Bate)	274
<i>B</i>	Pleistocene marine faunas (R. W. H.)	291
<i>C</i>	Molluscan faunas from fossil dunes (R. W. H.)	292
<i>D</i>	Description of a new variety of snail (R. W. H.)	292
<i>E</i>	Plant-impressions from the Wadi Derna tufas (R. W. H.)	293
<i>F</i>	Report on samples of cave deposits from Cyrenaica (Prof. F. E. Zeuner and Dr I. W. Cornwall)	295
<i>G</i>	Late pottery from Hagfet ed Dabba (Miss K. M. Kenyon)	300
<i>H</i>	Charcoal fragments from Hagfet ed Dabba (Dr C. R. Metcalfe)	303
<i>Bibliography</i>		304
<i>Index</i>		309
