## *Acknowledgments*

Many philosophers have in one way or another provided invaluable stimuli for the views presented in this book. I would like to mention Simon Blackburn, Romane Clark, Frank Jackson, William Lycan, Wilfrid Sellars, and William Tolhurst. I am especially indebted to Terence Horgan, with whom Chapter 1 was co-written.

I have drawn on several of my published articles in various parts of the book. Chapter 1 is a minimally revised version of “Against the Token Identity Theory,” which appeared in *The Philosophy of Donald Davidson: Essays on Actions and Events*, edited by Ernest Le Poré and Brian McLaughlin (Oxford: Blackwell Publisher, 1985). Parts of Chapter 4 draw on “Pain and the Adverbial Theory,” *American Philosophical Quarterly*, 21 (1984). Chapter 5 incorporates material from “The Adverbial Approach to Visual Experience,” *The Philosophical Review*, 93 (1984). And Chapter 6 is a virtual reprint of “The Subjective Qualities of Experience,” *Mind*, 95 (1986). I am grateful to the editors and publishers of the sources given for permission to make use of previously published work.
