

CONTENTS

<i>List of contributors</i>	vi
<i>Preface</i>	vii
1 Tools as optimal solutions <i>Robin Torrence</i>	1
2 From chopper to celt: the evolution of resharpening techniques <i>Brian Hayden</i>	7
3 The occupational history of sites and the interpretation of prehistoric technological systems: an example from Cedar Mesa, Utah <i>Eileen Camilli</i>	17
4 Trade or embedded procurement?: a test case from southern Illinois <i>Carol A. Morrow and Richard W. Jefferies</i>	27
5 Economies in raw material use by prehistoric hunter-gatherers <i>Robert Jeske</i>	34
6 Lithic technology and mobility strategies: the Koster site Middle Archaic <i>Rochelle Lurie</i>	46

Contents

vi

7 Re-tooling: towards a behavioral theory of stone tools <i>Robin Torrence</i>	57
8 A cost–benefit study of functionally similar tools <i>Roger A. Boydston</i>	67
9 Reliable and maintainable technological strategies in the Mesolithic of mainland Britain <i>Andrew Myers</i>	78
10 Assessing social information in material objects: how well do lithics measure up? <i>Joan M. Gero</i>	92
11 Optimization and stone tool studies: problems and potential <i>Michael A. Jochim</i>	106
<i>References</i>	112
<i>Index</i>	121

CONTRIBUTORS

Roger Boydston, Department of Anthropology, Northwestern University, Evanston, Illinois
 Eileen Camilli, 3100 9th NW, Albuquerque, New Mexico
 Joan M. Gero, Department of Anthropology, University of South Carolina, Columbia, South Carolina
 Brian Hayden, Department of Archaeology, Simon Fraser University, Burnaby, British Columbia
 Richard W. Jefferies, Department of Anthropology, University of Kentucky, Lexington, Kentucky
 Robert Jeske, Department of Anthropology, Northwestern University, Evanston, Illinois
 Michael A. Jochim, Department of Anthropology, University of California, Santa Barbara, California
 Rochelle Lurie, Department of Anthropology, Northwestern University, Evanston, Illinois
 Carol A. Morrow, Department of Anthropology, Southern Illinois University, Carbondale, Illinois
 Andrew Myers, Department of Archaeology and Prehistory, Sheffield University, Sheffield
 Robin Torrence, Department of Archaeology and Prehistory, Sheffield University, Sheffield
