iii. Personal names

This index, to a limited degree, serves also as a prosopography. Names are listed first in alphabetical order, then according to family relationship. Damaged names at the end are sorted starting from the final letter. For many, extensive family relations are known but here, for practical purposes, only one relationship is given for each: ‘son/daughter of’ in preference to ‘father/mother of’, with ‘wife of’ and ‘brother/sister of’ only when closer kin are unknown. All names, including those which are damaged, may also be searched in the on-line prosopography of *P.Count* (<http://pcount.arts.kuleuven.be/prosop.html>) and through the *Prosopographia Ptolemaica* at <http://prospol.arts.kuleuven.be>.

iii. Personal names

This index, to a limited degree, serves also as a prosopography. Names are listed first in alphabetical order, then according to family relationships. For many, extensive family relations are known but here, for practical purposes, only one relationship is given for each: ‘son/daughter of’ in preference to ‘father/mother of’, with ‘wife of’ and ‘brother/sister of’ only when closer kin are unknown. All names, including those which are damaged, may also be searched in the on-line *Prosopographia Ptolemaica* at <http://prospitol.arts.kuleuven.be>.
