Cambridge University Press has no responsibility for the persistence or accuracy  
 of URLs for external or third-party internet websites referred to in this  
 publication, and does not guarantee that any content on such websites is, or will  
 remain, accurate or appropriate.

Every effort has been made in preparing this book to provide accurate and  
 up-to-date information which is in accord with accepted standards and  
 practice at the time of publication. Although case histories are drawn from  
 actual cases, every effort has been made to disguise the identities of the  
 individuals involved. Nevertheless, the authors, editors and publishers can  
 make no warranties that the information contained herein is totally free from  
 error, not least because clinical standards are constantly changing through  
 research and regulation. The authors, editors and publishers therefore disclaim  
 all liability for direct or consequential damages resulting from the use of  
 material contained in this book. Readers are strongly advised to pay careful  
 attention to information provided by the manufacturer of any drugs or  
 equipment that they plan to use.
