

INDEX

- acorns, 54, 55, 65, 95, 119–20
- agriculture
 during the Neolithic Era, 118
 during the Bronze Age, 251
 during the Shang period, 222
 during the Warring States period, 296–7
 defined, 48
 diseases related with, 95
 effect of iron tools on, 296–7
 environmental conditions, 15–17
 expansion of, 125, 153–4
 regional variation, 16–17
 transition to, 46, 49, 56, 67, 95, 121, 125–6
 and sedentism, 125–6
 and the broad spectrum hypothesis, 66
 climatic models, 63–4
 cross-regional comparisons, 67, 121, 126
 dating of, 56, 61
 reasons for, 66, 125–6
- alcoholic beverages, 158
- alligators, 141
- altars, 278
- Anban (Early Neolithic site), 71
- Andersson, Johan Gunnar (1874–1960, Swedish geologist and archaeologist), 49–50
- animals exploitation. *See also* bone artifacts, bones, domestication, turtle shells
 Bronze Age, 250–1, 254, 255
 Neolithic
 Early, 94, 118, 120–1
 Late, 141
 Shang period, 222–3
- archeology, Chinese, 159, 162–4
 correlation of archaeological remains with ethnic identities, 248
 history of, 2, 19–20, 50, 194, 197–8
- armors, 322
- arrowheads, 51, 156, 177, 184, 190, 216, 223, 231, 236, 237, 261
- art. *See also* figurines, masks, statues
 Bronze Age, 243–5, 253
 Han period, 334–5
 Neolithic, 142
 Qin period, 322–3
 Zhou period, 301, 303
- Austronesians, expansion of, 124
- axes, 54, 55, 59, 90, 93, 98, 115, 143, 176, 231, 237, 246, 251, 261
- Baise basin, 30
- Baiyinchanghan (Early Neolithic site), 71, 100
- bamboo, 44
- Ban Gu (AD 32–92, historian), 250
- Banpo (Early Neolithic site), 71, 96
- Banshan (Late Neolithic culture)
 burials, 142
- Baodun (Late Neolithic site), 135
- Baodun (Late Neolithic\Bronze Age culture), 165, 184
 fortifications, 135
- Baozitou (Early Neolithic site), 118, 121
- Baozitou (Early Neolithic site), 106
- barley, 92
- Bashidang (early Holocene\Neolithic site), 59, 60, 104–5, 117, 122
 burials, 109
 domestic structures, 106, 108
- beads, 35–6
- Beixin (Early Neolithic culture), 97
- bells, 146, 172, 237, 241, 245, 256, 288–90, 330
 in Zhou rituals, 280
- bi discs, 115, 152, 160
- bifaces. *See*: stone tools: bifaces

- blood-relations system (*zongfa*), 266
- bone artifacts. *See also* oracle bones
 Neolithic, 115, 117
 Shang period, 215–16, 223
- bones, 54, 65, 94, 120, 176, 250–1
 as grave goods, 83, 94, 177, 181, 322–3
 human, 95, 99, 156, 328
 isotopic composition, 95
- Book of Odes*. *See*: Shijing
- broad-spectrum hypothesis, 53, 66
- Bronze Age, 162
 burials, 174–5, 178, 181–2, 229–30, 236–7, 239, 241, 247
 craft specialization, 176–7, 180–1, 230–2
 economy and subsistence, 250–1
 fortifications, 178, 184
 houses, 176, 178–80, 184, 235, 237, 245
 jade objects, 173, 177, 254
 lacquer artifacts, 191
 pottery, 176, 180, 184, 191, 230–1, 236, 237, 247
 public structures, 168
 public works, 188
 regional variability, 248
 ritual activity, 178, 182–4, 191–3
 turquoise artifacts, 172–3
- bronze and bronze objects
 during the Neolithic Era, 146
 during the Bronze Age, 170–3, 176–7, 180, 184, 188–9, 191, 231, 236, 239, 241, 243–8, 251, 253, 254, 257, 258–9, 261–2
 during the Zhou period, 278–80, 293–6, 303
 during the Qin period, 322–3
 during the Han period, 334–5
 and pastoralism, 251
 and state level ceremonies, 189
 exchange of, 254
 figurines, 334
 masks, 244–5, 253
 northern influences, 258–9
 plaques, 173, 191, 335
 raw materials procurement, 251–3
 ritualistic, 214, 278–80, 302
 statues, 243–5, 253
 tables, 303, 335
 technology and production, 170, 176–7, 180, 191, 210–15, 262, 295–6. *See also* inlay, lost-wax technique, piece-mold techniques
- buffalo. *See*: water buffalo
- burial and graves. *See also*: burial mounds, cemeteries, coffins, grave goods, mummies, urns
 and social stratification, 96, 97, 98, 113, 122–3, 149, 155–6, 157–8, 182, 208, 247, 290, 333
 burial postures, 80, 82, 110, 112, 181, 229, 302
 catacombs, 302
- children, 81
 collective, 81
 during the early Holocene, 55
 during the Neolithic
 Early, 84, 97, 98, 108–12, 122–3
 Late, 139–44, 148–9, 155–6, 157–8
 during the Bronze Age, 174–5, 178, 181–2, 229–30, 236–7, 239, 241, 247
 during the Shang period
 Early, 206
 Late, 206–9
 during the Zhou period
 Spring-and-Autumn period, 283–6
 Warring States period, 286–90, 302–3
 Western, 280–3
 during the Qin and Han dynasties, 327, 328, 330–1, 332–5. *See also* First Emperor of Qin: burial complex, Emperor Jing of Han: burial complex
 earliest evidence for, 36
 gender aspects, 109, 141, 155–6
 imperial, 327
 of children, 80, 97
 secondary, 81, 84, 108, 141, 239
- burial mounds, 142–3, 286–8, 302, 318, 326
- canals, 314
- Caoxieshan (Early Neolithic site), 118
- captives, 209, 224–5, 256
- casting molds, 170, 213–14, 232, 236, 241, 293, 320. *See also* piece-mold techniques
 bivalve, 246, 247, 262
 for coins, 300
- cattle, 94
- cave sites, 22, 25, 28, 30–6, 44, 57–8, 60, 66, 67, 106
- cemeteries
