INDEX

- Actor-Partner Interdependence Model (APIM),
70, 80, 81, 82, 83, 84
actor effects, 70, 80, 87
partner effects, 70, 80, 87
- adolescence, as a stage, 29, 40
- affect regulation, 252, 255
- alternatives, 176
- ambiguity, in romantic relationships, 238, 239,
240, 241
- anxiety, attachment related, 206
- appraisals, 260, 263
- attachment style, 219, 241
- attentional adhesion, 174, 175
- attitudes, adolescents, 36
- attractiveness, physical, 171, 172, 174, 178
cultures, 184
gender specific, 173
- autonomy, 143, 144
European countries, 145, 146
- autoregressive cross-lagged model, 47, 49, 53, 60,
62
- avoidance, attachment-related, 206
- birth control pill, 222
- body image, 283, *see also* body satisfaction
- body satisfaction, 284, *see also* body image
- borderline personality disorder, 260
- boundaries, 145
- break up, 5
- casual sex, 217, 220, 221, 277, 279, 282, *see also*
nonrelationship sex
- childbearing, delay in, 17
- childbirth, 296
- cognitive process, 170, 173, 174, 175
- cohabitation, 31, 126
children in, 238
effect, 235, 243, 244
- premarital, 235
rate, 126
reasons for, 236, 237
religious beliefs and, 236
timing of, 123
trend in, 234
- commitment, 179, 193, 203, 204, 237, 238, 242,
244
- communication, 219, 246
gender differences in, 219
- comorbidity, 284, 286
- competence, romantic, 46, 61
- condom use, 220, 222, 296, *see also* contraceptive
use
- conflict, 104, 116, 263, 294
parental, 127
- contraceptive use, 220, 222, *see also* condom use
- co-regulation, 254, 264
- co-rumination, 281
- cross-cultural studies, 146, 159
- define the relationship (DTR) talk, 247
- deliberation, 191, 204
- depressive symptoms, 278
breakup and, 280, 281
coping and, 281
gender differences, 286
rejection and, 280, 281
romantic functioning and, 279
sexual activity and, 282
- depression, family transition and, 21
- deterministic processes, 45
- discrepancy effects, 88
- distinguishability, 68, 74, 75
conceptual, 68, 74, 75
empirical, 68, 74, 75
testing for, 75, *see also* the omnibus test of
distinguishability

- gender differences
 in marriage age, 23
 test, 74
- Generation Y, 306
- Generation Z, 306
- growth mixture model (GMM), 54, 56, 61, 62, 63
- healthy marriage, 294, 297
- healthy relationships, 294, 304
 warning signs, 303
- hooking up, or hookup, 20, 213, 220, 222, 296
- identity, 21
- income, parental, 36
- inertia, in cohabitation, 243
- infidelity, 180, 181, 305
 gender difference in response to, 181
- informant reports, 85, 86
- initiation, relationship, 192, 193, 195, 205
- intergenerational continuity
 in conflict, 105, 117
 in economic pressure, 101, 105, 116
- intimacy, 21
- intimate partner violence, 296
 attitudes toward, 303
- intraclass correlation coefficient, 77, 78
- intrasexual vigilance, 180
- Iowa Interaction Rating Scales, 107
- Iowa Single Parent Project (ISPP), 129
- Iowa Youth and Families Project (IYFP), 106, 128
- latent class analysis, 33
- latent growth curve (LGC) model, 49, 50, 53, 61, 63
- life course perspective, or life course theory, 5, 31, 101, 124
 linked lives, 124
 off-timing, 124
 timing (of life events), 124
- love styles, 219
- marital discord, parents
 on offspring's marriage and cohabitation, 127, 136, 137

- marriage, 31
 age at, timing of, 27–28, 123, 124, 125, 234
 cohabitation and, 237, 240
 delay in, 17
 rate, 123
- mating, 171, 174
- mindset, 203
- multi-informant method, 128, 138
- multiple partners, 243
- multiple sex partners, 296
- narcissism, 18
- National Longitudinal Study of Adolescent Health (Add Health), 19, 32
- neurovisceral integration theory, 257
- nonheterosexual relationships, 24
- nonrelationship sex, 220, *see also* casual sex
 depressive symptoms and, 221
 self-esteem and, 220
- observer rating, 107
- omnibus test of distinguishability, 76, *see also* testing for distinguishability
- parasympathetic nervous system (PNS), 256
- parenthood, 31, 223
- partner influence, 320
 homophily, 320, 323
 on delinquency, 318
 on education, 320
 on work, 320
- pathways, 31, 40
- polyvagal theory, 258
- power, statistical, 89
 calculation, 89, 91
- pregnancy, 223
- Prevention and Relationship Enhancement Program (PREP), 300
 ePREP, 306, 307
- profile similarity effects, 88
- Project RELATE, 299, 301

- race, relationships and, 23
- rejection sensitivity, 258
- relationship education, 246, 247, 293, 294, 295
 curriculum, 301
 efficacy, 298, 302, 307
 evaluation, 302
 government funding, 294
 implementation, 295
 recruitment, in college, 299
 in religious contexts, 293
- relationships with parents, adolescents, 36
- religiosity, adolescents, 36–37
- risk-taking, 22
 relationship satisfaction, 46, 61
- romantic love, 178
- romantic relationship, 215
 in adolescence, 318
 change and development, 44
 distinct during emerging adulthood, 18–19
 in emerging adulthood, 101, 170, 253
 formation, 175
 from adolescence to emerging adulthood, 19, 276, 277
 health benefits in emerging adulthood, 297
 importance during emerging adulthood, 5
 maintenance, 175
 role of emotion, 183
 skills, 20
 vs. parent-child relationships, 151, 159
- safety, relational, 302, 305
- same-sex relationship, 221
 gender differences, 221
- sample size, for APIM, 89, 90, 91
- scaffolding, Vygotsky's, 239
- school experiences, adolescents, 36
- SEM vs. MLM, 73, 78, 81
- selection, 297, 320, 323
 on cohabitation, 243
- selectivity, relationship stability and, 21
- self-control, 254
- self-focus, 192, 198, 202, 208
- self-presentation, 191, 195, 196, 198, 200, 202
- self-protection, from rejection and failure, 191, 195, 198, 199, 200, 201, 202, 206
- self-regulation, 252, 254, 255
- sexual activities, 275, 277, 279, 282, 284, *see also* sexual behavior
 sexual attitudes, 218
 sexual behavior, 213, 214, 226, *see also* sexual activities
 ethnic group differences, 217
 gender differences, 217
 number of partners, 217
 sexual double standard, 218
- sexual identity, 221
 relationships and, 24
- sexual intercourse, 217, 275, 277
- sexual minority, 221
- sexual motives, 218
- sexual violence, 224, 225
- sexuality, 213
- sexually transmitted disease (STD), 245
 condom use and, 222
- shared method variance, 80, 82, 85
- sliding (vs. deciding), 236, 245, 246, 247, 301, 304
