<i>Preface</i>	vii
<i>Acknowledgements</i>	viii
<i>List of contributors</i>	ix

Section 1 – General Principles

1	Anatomical and physiological changes in pregnancy and their implications in clinical practice	1
	Niraj Yanamandra and Edwin Chandraharan	
2	Principles of resuscitation for maternal collapse	9
	Renate Wendler	

Section 2 – Algorithms for Management of the Top Five ‘Direct Killers’

3	Deep vein thrombosis and pulmonary embolism	15
	Tahir A. Mahmood and Adnan Hasan	
4	Severe preeclampsia and eclampsia	24
	Lucy Higgins and Alexander Heazell	
5	Massive obstetric haemorrhage	33
	Vivek Nama and Edwin Chandraharan	
6	Sepsis and septic shock in pregnancy	41
	Nicola Lack and Austin Ugwumadu	
7	Amniotic fluid embolus	48
	Derek Tuffnell and Hlupekile Chipeta	

Section 3 – Intrapartum Emergencies

8	Uterine rupture	52
	M. F. M. Rameez and Malik Goonewardene	
9	Breech delivery	59
	Osama Abu-Ghazza and Edwin Chandraharan	

10	Umbilical cord prolapse	68
	Malik Goonewardene	
11	Fetal compromise: diagnosis and management	78
	Edwin Chandraharan	
12	Shoulder dystocia: diagnosis and management	88
	Edwin Chandraharan and Sabaratnam Arulkumaran	
13	Twin delivery	93
	Deepal S. Weerasekera	
14	Instrumental vaginal delivery	98
	Vikram Sinai Talaulikar and Sabaratnam Arulkumaran	
15	Emergency caesarean section	107
	Chitra Ramanathan and Leonie Penna	
16	Unintended trauma and complications during caesarean section	115
	Osama Abu-Ghazza and Edwin Chandraharan	

Section 4 – Postpartum Emergencies

17	Acute puerperal uterine inversion	120
	Hemantha Senanayake, Probhodana Ranaweera and Mohamed Rishard	
18	Sudden postpartum maternal collapse	126
	Karolina Afors and Amarnath Bhide	
19	Retained placenta	132
	Kapila Gunawardane	
20	Perineal trauma	138
	Stergios K. Doumouchtsis	

Contents

Section 5 – Medical and Surgical Emergencies during Pregnancy

- 21 **Palpitations during pregnancy** 145
Niraj Yanamandra and Edwin Chandrachar
- 22 **Breathlessness** 150
Michael Egbor and Hassan Shehata
- 23 **Abdominal pain in pregnancy** 154
Archana Krishna and Edwin Chandrachar
- 24 **Blurring of vision and sudden loss of vision in pregnancy** 163
Anomi Panditharatne and Edwin Chandrachar
- 25 **Psychiatric emergencies** 170
Andrew Kent and Lorraine Cleghorn
- 26 **Drug overdose in pregnancy** 176
Lakshman Karalliedde and Inidika Gawarammana
- 27 **Diabetic ketoacidosis in pregnancy** 185
Ingrid Watt-Coote and Julia Kopeika
- 28 **Convulsions and epilepsy** 191
Julia Kopeika and Ingrid Watt-Coote
- 29 **Musculoskeletal considerations in pregnancy** 198
Hiran Amarasekera
- 30 **Endocrine emergencies in pregnancy** 204
Manilka Sumanatilleke

Section 6 – Anaesthetic Emergencies

Section Editor: Anthony Addei

- 31 **General anaesthesia and failed intubation** 214
Sarah Hammond and Christina Wood
- 32 **Fluid overload and underload** 221
Renate Wandler
- 33 **Transfusion, anaphylactic and drug reactions** 227
Rehana Iqbal and Cheron Bailey

- 34 **Major trauma including road traffic accidents** 233
Kirsty Crocker and Tim Patel

Section 7 – Neonatal Emergencies and Resuscitation

- 35 **Neonatal resuscitation and the management of immediate neonatal problems** 241
Anay Kulkarni, Justin Richards, Nigel Kennea and Siromi Gunaratne

Section 8 – Management of Anticipated and Non-anticipated Emergencies

- 36 **Morbidly adherent placenta** 250
Nilesh Agarwal, Richard Hartopp and Edwin Chandrachar
- 37 **Peri- and postmortem caesarean section** 256
Priyantha Kandanearachchi and Edwin Chandrachar

Section 9 – Setting up Skills and Drills Training in Maternity Services

- 38 **Setting up and running labour ward fire drills** 260
Karolina Afors and Edwin Chandrachar
- 39 **Simulation training** 264
Emma Evans and Polly Hughes
- 40 **Risk management (emergency obstetric and intrapartum care)** 269
Jessica Moore
