European studies in social psychology

Editorial Board: J. M. F. JASPARS, University of Oxford; WILLEM DOISE, Université de Genève; COLIN FRASER, University of Cambridge; SERGE MOSCOVICI, Ecole des Hautes Etudes en Sciences Sociales; KLAUS R. SCHERER, Justus-Liebig-Universität Giessen; MARIO VON CRANACH, Universität Bern.

The series is jointly published by the Cambridge University Press and the Editions de la Maison des Sciences de l'Homme, in close collaboration with the Laboratoire Européen de Psychologie Sociale of the Maison, as part of the joint publishing agreement established in 1977 between the Fondation de la Maison des Sciences de l'Homme and the Syndics of the Cambridge University Press.

It consists mainly of specially commissioned volumes on specific themes, particularly those linking work in social psychology with other disciplines. It will also include occasional volumes on 'Current issues'.

Cette collection est publiée en co-édition par Cambridge University Press et les Editions de la Maison des Sciences de l'Homme en collaboration étroite avec le Laboratoire Européen de Psychologie Sociale de la Maison. Elle s'intègre dans le programme de co-édition établi en 1977 par la Fondation de la Maison des Sciences de l'Homme et les Syndics de Cambridge University Press.

Elle comprend essentiellement des ouvrages sur des thèmes spécifiques permettant de mettre en rapport la psychologie sociale et d'autres disciplines, avec à l'occasion des volumes consacrés à des 'recherches en cours'.

Already published:

The analysis of action: recent theoretical and empirical advances, edited by Mario von Cranach and Rom Harré
Current issues in European social psychology, volume 1, edited by Willem Doise and Serge Moscovici
Social interaction in individual development, edited by Willem Doise and Augusto Palmonari
Advances in the social psychology of language, edited by Colin Fraser and Klaus R. Scherer
Social representations, edited by Serge Moscovici and Robert Farr
Social markers in speech, edited by Klaus R. Scherer and Howard Giles
Social identity and intergroup relations, edited by Henri Tajfel

Contents

VOLUME 1 *page*

1 The social dimension in European social psychology 1
Henri Tajfel, Joseph M. F. Jaspars and Colin Fraser

PART I *Social development*

2 Early social interaction and the development of emotional understanding 9
Judy Dunn
1 The children's comments on other people 10
1.1 Comments about the baby 12
1.2 Observations of empathetic and antipathetic actions 14
1.3 The children's speech to the baby sibling 16
2 Individual differences: the influence of the mother 18
3 The development of responsiveness to the emotions and expressions of others 22
4 Conclusion 25
References 26

3 The development of communicative competence with language in young children: a social psychological perspective 28
W. P. Robinson
1 Conceptions of young children 28
2 Claims about development of mastery of language for communication 31
3 Directives 41
4 Epilogue 43
References 49

4 Learning: a social actualization and reconstruction of knowledge 52
Anne-Nelly Perret-Clermont, Jean Brun, El Hadi Saada and Maria-Luisa Schubauer-Leoni
1 Cognitive and psychosociological processes: difficulties in relating them 52
2 The learning of operatory responses 55
2.1 Learning to construct a response 55
2.2 Testing and learning situations 56
2.3 In what circumstances do collective situations have long-term consequences? 58
3 Mathematics in didactic situations 61
3.1 Mathematics and operatory notions 61
3.2 Didactic situations 63
4 Conclusion 64
References 65

5 The development of thinking about socio-economic systems 69
Gustav Jahoda
1 The shop 70
2 The bank 76
3 On the nature of 'social' thinking 82
References 87

6 The development of ethnic attitudes 89
David Milner
1 A background of 'race' research: national attitudes in children 90
2 Children and race: the research 93
3 Black attitudes 98
4 Attitudes in action 105
References 107

7 Imperfect identities: a socio-psychological perspective for the study of the problems of adolescence 111
Augusto Palmonari, Felice Carugati, Pio Enrico Ricci Bitti and Guido Sarchielli
1 Adolescence as an object of study for the social sciences 111
2 A social psychological perspective 117
3 Research on the self-system of adolescents 120
3.1 Hypotheses 120
3.2 Method 121
3.3 Results 124
3.4 Discussion 126
4 Towards a social psychological re-definition of adolescence 129
References 132

PART II *Interpersonal behaviour and communication*

8 Communication in the family and psychopathology: a social-developmental approach to deviant behaviour 137
Rolv Mikkel Blakar
1 Conceptual framework: a brief outline 138
2 Our method: a standardized communication conflict situation 140
3 Schizophrenia and family communication: a social-developmental approach 142
4 Towards an integrative social-developmental programme of research 143
5 Implementation of the research programme 148
6 Concluding remarks 155
References 156

9 The nonverbal dimension: a fad, a field, or a behavioural modality? 160
Klaus R. Scherer
1 Coping with stress and emotion 163
2 Influence of attitudes and personality traits on behaviour 169
3 Implications for person perception and attribution research 177
References 180

10 Aggression as an interpersonal phenomenon 184
Jacques-Philippe Leyens and Adam Fraczek
1 Conceptualizing aggression as an inter-individual phenomenon 186
2 Emotional activation and indices of violence 190
3 The cognitive elaboration 195
4 Filmed violence and the social context of viewing 198
References 200

11 Justice and fairness in interpersonal relations: thoughts and suggestions 204
Gerold Mikula
1 Concerns with justice 205
1.1 Justice as a motive 205
1.2 Justice as a goal or a strategy? 207
1.3 Justice as serving the motivation for control 208
1.3.1 Justifications to others 209
1.3.2 Justifications for oneself 214
1.3.3 Concluding remarks 215
2 Feelings of injustice 215

3 Rules of distributive and procedural justice 218
3.1 Rules of distributive justice 218
3.2 Rules of procedural fairness 222
4 Concluding remarks 223
References 225

12 Towards a comprehension of friendship development and breakdown 228
Steve Duck and Dorothy Miell
1 A selective review of interpersonal attraction research 229
2 The social dimension in relationships 234
2.1 Initiating and developing relationships 235
2.2 Relationship decline and dissolution 245
3 Conclusions 247
References 247

13 When love dies: an integration of attraction and bereavement research 250
Wolfgang Stroebe and Margaret S. Stroebe
1 The motivational basis of group formation: three theoretical perspectives 251
1.1 The ethological approach 251
1.2 Social comparison theory 252
1.3 Economic and exchange theories 253
1.4 Implications 254
2 Determinants of mate selection 255
2.1 Availability 256
2.2 Desirability 257
2.3 Compatibility 258
2.3.1 Attitude similarity and attraction 258
2.3.2 Partner personality and attraction 259
2.4 Love, choice and constraints 260
3 The structure of the marital relationship 261
3.1 The differentiation of marital roles 261
3.1.1 The differentiation of instrumental role functions 262
3.1.2 The differentiation of expressive role functions 263
3.2 Implications 265
4 The consequences of bereavement 267
4.1 Health-related consequences of partner loss: empirical evidence 267
4.1.1 Mental illness 267
4.1.2 Depression 268
4.1.3 Physical health 269
4.1.4 Mortality 270
4.1.5 Suicide 272

PART III *Social contexts of individual actions*

14 The social dimension of goal-directed action 285
Mario von Cranach and Ladislav Valach
1 Outlines of our theory of action 286
1.1 The theorem of action 287
2 Individual action rests upon a social foundation 289
2.1 Action requires conscious representations; consciousness is of social origin 289
2.1.1 Phylogenetic and historical development 290
2.1.2 Ontogenetic development 291
3 The principal contents of action-related cognitions originate in society 292
3.1 The attribution of action-related cognitions on the basis of social conventions 293
3.2 The regulation of action through social conventions 294
4 Goal-oriented action is a fundamental concept in social psychology 296
5 Conclusions 298
References 298

15 Social rules and social rituals 300
Rom Harré
1 Social 'ritual' 301
1.1 Psychological application 301
1.2 Sociological application 304
2 Social 'rules' 305
3 The non-transparency of language 311
4 Summary 312
References 313

16 Social differentiation and non-differentiation 314
Jean-Paul Codol
1 Similarities: the social bond and non-differentiation 315
1.1 The social bond: a determining factor in non-differentiation 316
1.2 Non-differentiation as a foundation of the social bond 317
2 Social differentiation and non-differentiation 320
2.1 De-individuation 320
2.2 The quest for individuation and singularity 321

PART IV *Representations of social reality*

18 Attitudes in a social context 363
J. Richard Eiser and Joop van der Pligt
1 Preference and choice 364
2 Attitudinal differences 366
3 Selectivity and salience 367
4 Evaluative and descriptive language 370
5 Polarization of judgments of attitude statements 371
6 Positivity and normality vs. negativity and deviance 373
7 Conclusions 375
References 376

19 Social dimensions of attribution 379
Miles Hewstone and Joseph M. F. Jaspars
1 Four social dimensions of attribution 380
1.1 The social categorization of actors and perceivers 380
1.2 The social context of judgments 381
1.3 The shared nature of social cognition 382
1.4 The social nature of what is to be explained 383

PART V *Group processes*

23 Social groups, nonsense groups and group polarization 473
Colin Fraser and Donald Foster
1 The nonsense group tradition 473
2 An outline of the study of group decision making 476
2.1 The first phase: shift-to-risk 476
2.2 The middle phase: reformulation 479
2.3 The third phase: polarization 481
3 Group polarization: theoretical accounts 483
3.1 The individualistic level of explanation 484
3.2 The group level of explanation 485
3.3 The social level of explanation 488
4 The study of social groups 491
References 493

24 The influence of minorities: ten years later 498
Gabriel Mugny
1 Two models of social influence 498
2 The theory of consistency 501
3 The social context of minority influence 505
4 Minority influence and social identification 510
5 Conclusion 513
References 514

25 Social identification and psychological group formation 518
John C. Turner
1 Introduction: what is a psychological group? 518
2 Social categorization and the external designation of group membership 520
3 An identity theory of the group 526
4 Psychological group formation as a process of identification 530
5 Conclusion 535
References 536

PART VI *Intergroup relations*

26 The social psychology of intergroup relations and categorical differentiation 541
Jean-Claude Deschamps
1 The process of categorization in quantitative judgments 542
2 Categorization in social stereotypes 543
