[More information](#)

CONTENTS

Introduction (C.T.C. WALL)	1
Singularities of smooth mappings (Volume 23, 1968)	3
On matrices depending on parameters (Volume 26, 1971)	46
Remarks on the stationary phase method and Coxeter numbers (Volume 28, 1973)	61
Normal forms of functions in neighbourhoods of degenerate critical points (Volume 29, 1974)	91
Critical points of smooth functions and their normal forms (Volume 30, 1975)	132
Critical points of functions on a manifold with boundary, the simple Lie groups B_k , C_k and F_4 and singularities of evolutes (Volume 33, 1978)	207
Indices of singular points of 1-forms on a manifold with boundary, convolution of invariants of reflection groups and singular projections of smooth surfaces (Volume 34, 1979)	225
