

INDEX

- Abbreviations, explanation of, 23
 Acetals, table, 50; test for, 10
 Acetates: of alcohols, table, 38–9; of phenols, tables, 43, 45
 Acetylation: amines, 73; carbohydrates, 54; phenols, 41; sulphonamides, 87
 Acetyl chloride test for alcohols, 10
 Acids (carboxylic), preparation of derivatives, 56; tables, 62–71; test for, 7
 Acids, sulphonic. *See* Sulphonic acids
 Acid anhydrides, 7, 9; cyclic, anilic acids from, 58; cyclic, preparation from dibasic acids, 58; table, 62–3
 Acid chlorides, 7, 9, 16; preparation, 56; table, 62–3
 Alcohols, preparation of derivatives, 36; table, 38; tests for, 9
 Aldehydes, preparation of derivatives, 46; table, 49–50; test for, 8
 Alicyclic hydrocarbons, table, 28
 Aliphatic hydrocarbons, table, 28
 Alkyl acetates, table, 38–9
 Alkyl halides, 17; preparation of derivatives, 32; table, 33–4
 Alkyl hydrogen 3-nitrophthalates, preparation, 36
 Alkylation of sulphonamides, 87
 Alkylisothiourea picrates, preparation, 32
 Amides (carboxylic), 12, 14, 15; preparation, 56, 61, 66; table, 62–5; tests for, 14, 15
 Amines, preparation of derivatives, 73–5; tables, 76–80; tests for, 8, 13, 16
 Amine salts, 12, 13, 16
 Amine sulphates, 16
 Amino-acids, aliphatic, 6, 7, 12; aromatic, 13; arylsulphonyl derivatives, 12, 73; benzoylation, 73; table, 79
 Aminophenols, 9; table, 79
 Aminosulphonic acids, 15, 16, 88; table, 89
 Ammonium salts, 12, 17
 Anils of aldehydes, preparation, 48
 Anils of dibasic acids, preparation, 58
 Anilic acids, preparation, 58
 Anilides, preparation of, from acids, 57, 66; from esters, 61; hydrolysis, 15, 75
 Aniline salts of sulphonic acids, 87
 Anthraquinones, 11, 48
o-Aroylbenzoic acids, preparation, 28
 Aryl ethers, preparation of derivatives, 27; table, 31; test for, 11
 Aryl halides, 17; preparation of derivatives, 27; table, 30
 Arylazo- β -naphthols, preparation, 74
 Aryloxyacetic acids, preparation, 40
 Arylthioureas, 16, 72
 Azo-compounds, 14, 15
 Barfoed's reagent, 53
 Bases, test for, 8, 13
 Beckmann mixture, 26
 Beilstein's test, 4
 Benzenesulphonates, preparation, 40
 Benzenesulphonyl derivatives of amines, preparation, 73
 Benzoates, preparation, 36, 40
 Benzoylation of amines, 73
S-Benzylisothiourea salts, preparation, 58, 87
 Bisulphite compounds, 9, 18
 Brady's reagent, 8, 10, 14, 46
 Bromides. *See* Halides
 Bromination methods, 25
 Bromine test for unsaturation, 11
 Bromo-. *See* Halogeno-
 Carbohydrates, 6; preparation of derivatives, 53; table, 55; tests for, 53
 Carbonic acid derivatives, 71; table, 72
 Carbonyl compounds, test for, 8
 Carboxylic acids. *See* Acids
 Chlorides. *See* Halides
 Chloro-. *See* Halogeno-
 Chlorosulphonylation, 27
 Chromic acid, oxidation with, 26
 Colour reactions, 22, 41, 82
 Conventions in tables, explanation, 23
 Cyclic anhydrides. *See* Acid anhydrides, cyclic

Index

91

- Derivatives, choice, 19; preparation, 19, 23
- Dimethones, preparation, 47
- 3:5-Dinitrobenzoates, preparation, 35, 36, 61
- 2:4-Dinitrophenyl derivatives of amines, preparation, 74
- 2:4-Dinitrophenyl ethers, preparation, 41
- 2:4-Dinitrophenylhydrazones, preparation, 46; use for detecting carbonyl group, 8; use in identifying alcohols, 37
- Distillation, 2
- Elements, detection, 3–5
- Enols, table, 44; test for, 7
- Esters, 7, 9; preparation of derivatives, 58; saponification, 59; tables, 38, 43, 62, 72; test for, 9
- Ethers, test for, 11; aliphatic, preparation of derivatives, 35; table, 35; aromatic, preparation of derivatives, 27; table, 31
- Ethyl esters, preparation, 57; table, 62–5
- Fehling's solution, 13, 53
- Ferric chloride colour reactions, 7, 42; abbreviations, 45
- Glucosides, 53
- Halides, acyl, 16. *See also* acid chlorides
- Halides, alkyl. *See* Alkyl halides
- Halides, aryl. *See* Aryl halides
- Halogen compounds, 16
- Halogens, detection, 4
- Halogeno-acids, table, 65
- Halogeno-aldehydes, table, 50
- Halogeno-amines, table, 78
- Halogeno-nitro-compounds, table, 84
- Halogeno-phenols, table, 45
- Hinsberg's method, 14, 73
- Hydrazines, tests for, 13
- Hydrazo-compounds, 15
- Hydrocarbons, preparation of derivatives, 27; table, 28–9; tests for, 11
- Hydrogen 3-nitrophthalates, preparation, 36
- Hydrolysis of acetals, 10; of amides, 15; of anilides, 75; of esters, 9, 59; of nitriles, 15; of sulphonamides, 16, 87
- Hydroquinones, 8
- Hydroxamic acid test for esters, 9
- Hydroxy-acids, 6, 8, 66; table, 67–71
- Hydroxylamines, tests for, 13
- Imides, test for, 13
- Iodides. *See* Halides
- Iodo-. *See* Halogeno-
- Iodoform reaction, 48
- Janowsky's reaction, 82
- Ketones, preparation of derivatives, 46; table, 51–2; tests for, 8
- Lassaigne test, 3
- Liebermann's reaction, 14
- Melting-points, 2, 20
- Metals, detection of, 3; compounds containing, 17
- Methodides, preparation, 74
- Metho-*p*-toluenesulphonates, preparation, 74
- Methyl esters, 62–5; preparation, 57
- Mixed melting-points, 20
- Mixtures, detection, 1–2
- Mixtures, separation of, 2, 5, 18
- Molisch's reaction, 53
- Neutralization equivalents, 7, 37, 41, 87
- Nitration methods, 24
- Nitration mixture, as test, 11
- Nitriles, hydrolysis, 15; table, 62–3
- Nitro-acids, table, 65
- Nitro-aldehydes, table, 50
- Nitro-amines, 15; table, 78
- p*-Nitrobenzoates, preparation, 36
- p*-Nitrobenzoyl chloride, preparation, 36
- Nitro-compounds, preparation of derivatives, 81; tables 82–4; tests for, 14
- Nitrogen compounds, 12
- Nitrogen, detection, 3
- Nitro-groups, tests for, 14
- Nitrophenols, 7, 13; table, 45
- p*-Nitrophenylhydrazones, preparation, 47, 54

- 3-Nitrophthalates, preparation, 36
 Nitroso-compounds, 14
p-Nitroso-derivatives of tertiary aromatic amines, 75
 Nitrous acid test for amines, 13
- Osazones, preparation, 53
 Oxidation of alcohols, 37
 Oxidation methods, 25-6
 Oximes, 13; preparation, 48
- Partial reduction of dinitro-compounds, 82
 Permanganate, oxidation with, 25; test for unsaturation, 12
 Phenols, preparation of derivatives, 40; tables, 43-5; tests for, 7, 13
 Phenyl esters, preparation, 57; saponification, 61
 Phenyl ethers, preparation, 32
 Phenylhydrazones, preparation, 47
p-Phenylphenacyl esters, preparation, 57
 Physical properties, 1
 Picrates, preparation, 27
 Polyhalides, alkyl, table, 34
 Preliminary investigation, 1
 Preparation of derivatives, 19, 23; methods of, *see under* type of compound
 Pyridine method of esterification, 36
- Quaternary ammonium compounds, 12
 Quinones, 9, 11, 48; table, 52
- Reduction of nitro-compounds, 81; as test, 14
 Rotation, specific optical, of carbohydrates, 54
- Salts of organic acids or phenols, 17
 Saponification, 9, 59
 Schotten-Baumann reaction, 40, 73
- Semicarbazones, 13; preparation, 46
 Separation of mixtures, 2, 5, 18
 Sodium test for alcohols, 10
 Solubility, 6, 12, 15
 Solvation of crystals, 2
 Specific rotation of carbohydrates, 54
 Sulphonacetamides, 87
 Sulphonamides, preparation, 27, 85; preparation of derivatives, 87; table, 86; test for, 16
 Sulphonanilides, preparation, 85
 Sulphones, 16
 Sulphonic acids, 16; preparation of derivatives, 85; tables, 86, 89
 Sulphonyl chlorides, 17; preparation, 27, 85; preparation of derivatives, 40, 85; table, 86
 Sulphur compounds, 15
 Sulphur, detection, 3
- Tables of derivatives, explanation of, 21
 Thioamides, 16
 Thiocyanates, 16
 Thiols, 16
 Thionyl chloride, 56
 Thioureas, 16; table of, 72
 Titration of acids, 7
 Tollens's test, 9
p-Toluenesulphonates, preparation, 40
p-Toluenesulphonyl derivatives of amines, preparation, 73
p-Toluidides, preparation, 57, 66
 Trinitrobenzene adducts, preparation, 27
- Unsaturation, tests for, 11
 Ureas, 12; table, 72
- Water-soluble acids, 66
 Water-soluble mixtures, separation, 19
