- aardwolf, 215
 Aborigines, Australian, 1, 54, 74, 117, 118, 119, 128, 319, 360, 362, 439, 452, 454
Abrus precatorius, 470
Abutilon angulatum, 471
Acacia albida, 181
A. erioloba (camel thorn), 94, 163, 469
A. erubescens (Moloto), 95, 163, 467
A. fleckii (Mhahu), 163, 469
A. sp. cf. hebeclada (Mokwelekwele), 94, 95, 135, 163, 469
A. karroo (Mooka), 163, 469
A. mellifera (Mongana), 95, 96, 163, 469, 486
A. spp., 134, 139, 163, 181, 488
A. tortilis 95, 135, 163, 469
Achyranthes aspera, 466
Acinonyx jubatus (cheetah), 476
Acocks, J. P. H., 93
Adansonia digitata (baobab), 95, 123, 188, 467, 479
Aepyceros melampus (impala), 475
Aethomys chrysophilus (Red veldt rat), 477
A. namaquensis (Namaqua rock rat), 478
 aging, *see* demography
 agriculture: comparison with foraging, 117–19, 188, 259, 367, 455; husbanding resources in, 117; intensity of land use, 118; limiting factors, 116; origins of, 443, 447; seasonal variations in, 292; transition to, 6, 318; weight loss and, 292, 296, 300–1; *see also* socioeconomic change
 Aha Hills, 17, 39, 52, 87, 89, 91, 95, 231, 322, 353, 387, 487
 Alaska, 326, 328
Albizia anthelmintica, 469
Alcelaphus buselaphus (Cape hartebeest), 475
Almeida, A. De, 38, 281, 287
Aloe sp., 470
A. zebrina, 177
Amaranthus sp. (pig spinach), 466
Ammocharis tinneana, 139, 466
Andrewartha, H. G., 9
 Angola, 37, 38, 287, 426, 430
 animal foods, 158, 168, 226–35, 439, 443, 450–1; caloric value of, 205, 242, 265–9, 270–2, 450–1; edible yield of, 242, 265–9; mammals, 475, 476, 477; use of in cooking, 199; *see also under* common names, fauna
Annona stenophylla (custard apple), 466
Antbear, 99, 147, 215, 216
antelope, 98, 206, 214, 216, 219, 226, 227, 230, 231, 236, 238, 406, 435, 482; caloric value of, 243; stomach sac containers, 122; use of hides, 149
 anthropometry, 271, 281, 285–92, 313
Arachnida sp., 102
Aristida sp. (grass), 468
 artifacts: contemporary, 76; stone age, 90, 277
Asclepiadaceae, 164, 169
Asclepias burchellii, 466
Asparagus exuvialis, 470
A. sp., 470
Asystasia sp., 466
 baboon, 99
Bachofen, J., 449
 badger, honey, 208
Baikiae plurijuga, 94, 469
Baines, T., 38
 Bakalahari, 9–10, 32
Balikci, A., 360, 441

- band, *see* social units, camps
- Bantu-speaking peoples, *see* Blacks
- baobab: fruit, 104, 159, 168, 176, 177, 180, 261, 479–80; pod containers, 123; tree, 52, 80, 159, 188, 354, 479–80
- Baphia massaiensis*, 470
- Barnard, A., 30, 333, 352
- Basarwa, 31, 36, 423, 424, 431
- Batawana, *see* Tswana
- Bate: cattle post, 51, 57, 322; water-hole, 190, 242, 261, 266, 302
- bat-eared fox, 215, 405
- bats, 99
- Batswana, *see* Tswana
- Bauhinia esculenta* (Tsin bean), 115, 165, 188, 438, 469, 487
- B. petersiana* (Mochope bean), 94, 469
- Bayei, 51, 137, 401
- beadwork, 425, 488
- Beaucage, P., 4
- Bechuanaland Protectorate, *see* Botswana
- beetle, 101–2, 134, 236
- Berman, M. L., 326, 328

- Cephalocroton puschelii*, 468
Ceropegia multiflora (root), 466
Ceropegia sp., 466
Ceropithecus aethiops (vervet monkey), 477
 chameleon, 100
 Chapman, J., 38
 Chasko, R., 36
 cheetah, 98, 144, 217, 235
 child rearing, 254, 309, 314–17, 441
 Choma, *see* initiation ceremonies
 Chum !kwe Settlement, 38, 55, 72, 85,
 190, 348, 389, 390, 391, 401, 413,
 415, 420, 421, 426, 430, 431
 Cigarette !Kung area, 159
Cissampelos mucronata, 471
Citrullus lanatus (tsama melon), 95,
 115, 165, 410, 467, 488
C. naudinianus (bitter melon), 177,
 180, 410, 468, 488
 clams, 101
 Clark, J. D., 9, 10, 36
Clerodendron lanceolatum, 472
C. sp., 472
 client groups, 56–7, 310, 311, 312,
 407; dependency of, 56, 80; structure
 of, 51–72; *see also* social units
 climate, 103–15; drought, 112, 115,
 352, 357–9, 364; dry season, 19, 21,
 104–5, 120, 163, 188–9, 255, 357–9,
 366, 446, 456; influence of on spatial
 organization, 352, 364, 467–8; lightning,
 103; rainfall, 108–12, 114–15,
 351, 352, 410, 438, 443; rainy season,
 19, 21, 103–4, 120, 189, 208, 255, 352,
 355, 455; seasonal variation, 103–5;
 temperature fluctuations, 105–8
Coccinia rehmannii (nakgwa root),
 468, 485
C. sessilifolia (kitwan cucumber, root),
 165, 468
C. sp. (root), 468
Cocculus hirsutus, 471
Cocylanthus (melons), 410
 Cohen, M. N., 2, 442
 Cohen, R., 9
 colonialism, impact of, 16, 40, 351,
 401–3
 Colson, E., 381
Combretum apiculatum, 163, 467
C. collinum, 94, 163
C. hereroense (Mokabi), 163, 467
C. imberbe (Moswire), 95, 137, 163, 467
C. psidioides, 163, 467
C. sp., 163, 467
C. sp. cf. *collinum* (Mudubana), 163,
 467
C. zeyheri, 163, 467
Commiphora africana, 467
C. angolensis, 95, 96, 467
C. pyracanthoides, 95, 134, 467
C. sp., 134
 conflict, 17, 370–400, 447, 456; adul-
 tery and, 377–8, 391, 392, 396; alco-
 hol and, 377, 419, 425; arguments,
 370, 371, 372–6; black intervention,
