## INDEX

- ability grouping(s), 10–12
  - and behavioral attributes, 12
  - conditions surrounding, 10
  - on different school levels, 12, 55
  - and IQ, 10–11
  - in junior high school, 12
  - justifications for, 11
  - in nineteenth century, 10
  - in senior high school, 12
  - see also* tracking
- academic rigor, 17–18
  - turning away from, and shift in priorities, 32
- accountability, teachers', 12–13, 97, 107–8
- achievement, low, and low expectations, 57
- administrative efficiency, and ability grouping, 11
- administrator(s)
  - as “old boy,” 13
  - scrutiny of, 13
- aesthetics, 74, 75
- age grading, 7, 10
- analytic skills, *see* skills, analytic
- arts, 74, 75
- attendance, school
  - compulsory, 15
  - daily, 7
  - mass, 7
  - variations in, 19
- Ayres, Leonard, 7, 8
- bargaining, classroom, 99–100
- basic skills, *see* skills, basic
- behavioral attributes, and ability grouping, 12
- Binet, Alfred, 8, 9
- black schools, 5–6
- brain, right and left hemispheric functions of, 72
- Bruner, Jerome, 24, 34, 38, 41, 45, 66, 74, 77
- bureaucratization, 13
- Cardinal Principles of Secondary Education*, 16–17
- caring, by teachers, 102
- Catholics
  - and parochial schools, 5
  - and religious conflicts, 5
- citizenship
  - and democracy, 56–7, 60–1, 66
  - education for, 4, 53, 56–7, 60–1
  - and educational conversation, 73
  - equality necessary for, 50, 51
  - excellence necessary for, 51
  - failure of, 61
  - imaginative expression and critical thinking necessary for, 71
  - and inequality, 61
  - and schools as minimalist institutions, 66
  - and scientific literacy, 75
- class divisions
  - and computer access, 85–6, 87
  - and elementary schools, 11
  - and occupational grouping in high school, 12
  - and tracking, 55, 57, 60
  - class size, 118
