European Monographs in Social Psychology

Executive Editors:

J. RICHARD EISER, JOSEPH M. JASPARS, KLAUS R. SCHERER

Sponsored by the European Association of Experimental Social Psychology

This series, first published by Academic Press (who will continue to distribute the numbered volumes), appears under the joint imprint of Cambridge University Press and the Maison des Sciences de l'Homme in 1985 as an amalgamation of the Academic Press series and The European Studies in Social Psychology, published by Cambridge and the Maison in collaboration with the Laboratoire Européen de Psychologie Sociale of the Maison.

The original aims of the two series still very much apply today: to provide a forum for the best European research in different fields of social psychology and to foster the interchange of ideas between different developments and different traditions. The Executive Editors also expect that it will have an important role to play as a European forum for international work.
