## Acknowledgments

---

This book is an outgrowth of a conference on self-protective behavior held at Rutgers–The State University of New Jersey. I would like to thank Alexander Cohen for his encouragement during the planning of this conference and the National Institute for Occupational Safety and Health, which provided major funding. Additional funding from Cook College of Rutgers University and from the Rutgers Research Council is gratefully acknowledged. Finally, I wish to thank my wife Carol for her indispensable support and sound advice through all stages of this project.
