Neurohormones in invertebrates.
 (Seminar series/Society for Experimental Biology; 33)
 Includes index.
 1. Invertebrates—Physiology. 2. Neuroendocrinology.
 I. Thorndyke, M.C. II. Goldsworthy, G.J. III. Series:
 Seminar series (Society for Experimental Biology
 (Great Britain)); 33
 QL364.N49 1987 592'.0188 87—15100

ISBN 978-0-521-32843-2 hardback

Transferred to digital printing 2007

Every effort has been made in preparing this book to provide accurate and up-to-date information which is in accord with accepted standards and practice at the time of publication. Although case histories are drawn from actual cases, every effort has been made to disguise the identities of the individuals involved. Nevertheless, the authors, editors and publishers can make no warranties that the information contained herein is totally free from error, not least because clinical standards are constantly changing through research and regulation. The authors, editors and publishers therefore disclaim all liability for direct or consequential damages resulting from the use of material contained in this book. Readers are strongly advised to pay careful attention to information provided by the manufacturer of any drugs or equipment that they plan to use.
