

Index Nominum

In the present index are primarily listed the proper names found in the text and footnotes of the book. Not listed, however, are frequently occurring names such as Sanches and Aristotle. All references to works of Sanches other than the *Quod nihil scitur* have been indexed. References to the works of Aristotle are too numerous to be included.

- Aenesidemus, 71, 213 *n*99, 226 *n*117, 249 *n*153
