978-0-521-35386-1 - William Empson: The Critical Achievement

Edited by Christopher Norris and Nigel Mapp

Index

[More information](#)*Index of names*

Since most of these entries could be duplicated with items under the heading 'Empson on ...', the editors have not thought it necessary to supplement the index with page references for the various works of Empson discussed in the text. Readers should have no difficulty in locating the relevant sources by cross-referring between the chapter in question, the index of names and consolidated list of references. See also the numbered footnotes for works by other authors not included in the reference section.

- Abrams, M. H. 71, 74
 Adorno, Theodor W. 207–10
 Alpers, Paul 211n
 Althusser, Louis 50
