General Editor: PAUL SLACK, *Exeter College, Oxford*

Past and Present Publications comprise books similar in character to the articles in the journal *Past and Present*. Whether the volumes in the series are collections of essays – some previously published, others new studies – or monographs, they encompass a wide variety of scholarly and original works primarily concerned with social, economic and cultural changes, and their causes and consequences. They will appeal to both specialists and non-specialists and will endeavour to communicate the results of historical and allied research in readable and lively form.

For a list of titles in Past and Present Publications, see end of book.
