This book has been supported by the University of Zaragoza. We are indebted to its rector, Professor Camarena, for his encouragement.

We would like to mention here Victor Onieva, one of the first students of Professor Plans, who recently died, as this book was in preparation. His hard work and tremendous strength in the dayly struggle with his weak health will undoubtfully be rewarded as he deserved.

Thanks are due also to Pedro Ortega for his careful typing of the book.
