

Contents

Introduction	
1. Uniform structures	1
2. Induced and coinduced uniform structures	16
3. The uniform topology	29
4. Completeness and completion	50
5. Topological groups	70
6. Uniform transformation groups	89
7. Uniform spaces over a base	98
8. Uniform covering spaces	111
Appendix: filters	122
Exercises	130
Bibliography	137
Index	139
