Revolutionary Mexico	126
Contemporary Mexico	322

## PREFACE

*The Cambridge History of Latin America* is a large scale, collaborative, multi-volume history of Latin America during the five centuries from the first contacts between Europeans and the native peoples of the Americas in the late fifteenth and early sixteenth centuries to the present.

*Mexico since Independence* brings together chapters from Volumes III, V, and VII of *The Cambridge History* to provide in a single volume an economic, social, and political history of Mexico since its independence from Spain in 1821. This, it is hoped, will be useful for both teachers and students of Latin American history and of contemporary Latin America. Each chapter is accompanied by a bibliographical essay.
