

INDEX OF NAMES OF PERSONS

This index is intended to include the names of all persons mentioned in the text and in the Notes on Medieval Authors (the latter distinguished by the abbreviation '(biog.)'. The abbreviation '(bib.)' indicates, for authors of primary source material only, an entry or entries in the Bibliography. References to footnotes (as in '123n') are included only where a note includes a substantive mention of the person in question additional to those in the text. Modern scholars are included only where their work is directly discussed in the text.
