## PREFACE

*The Cambridge History of Latin America* is a large scale, collaborative, multi-volume history of Latin America during the five centuries from the first contacts between Europeans and the native peoples of the Americas in the late fifteenth and early sixteenth centuries to the present.

*Chile since Independence* brings together chapters from Volumes III, V and VIII of *The Cambridge History* to provide in a single volume an economic, social and political history of Chile since its independence. This, it is hoped, will be useful for both teachers and students of Latin American history and of contemporary Latin America. Each chapter is accompanied by a bibliographical essay.
