

INDEX

- Aboriginal-colonist progeny 29–30
- Aboriginal craftsmanship 216
- Aboriginal diet 216
- Aboriginal hierarchy 216–17
- Aboriginal population
 - Australia 212
 - comparison with colonial population 212
 - decline 8, 208, 212–13, 218–19
 - NSW 211
 - Van Diemen's Land 210, 212
 - Victoria 211
- Aboriginal productivity 216
 - comparison with colonials 217
 - following British colonisation 198
- Aboriginal society 213–14, 216–17
 - cross-cultural comparisons 214
- Aboriginal time allocation 214, 215
- Aboriginal welfare 92, 150
- Aborigines
 - conditions of transfer of resources to British control 122
 - conflict with colonists 96, 103, 208
 - disease effects on population numbers 210–11, 213, 217, 218, 219
 - food acquisition by 214–15, 216
 - gross domestic product 217–22
 - killing of 210, 211, 212, 213, 218–19
 - population movements 211
 - risks from 154, 194
 - smallpox epidemics 208, 212, 213, 217, 218
 - supported by escaped convicts 208
 - venereal disease effects on 213, 217, 218
- absconding convicts 34, 36
- absentee investment, in pastoral activities 182, 187, 195
- accounting, for goods supplied to colonies 64, 66
- accounting practices, in Commissariats 66
- Adelaide, urbanisation 152
- advisory system to the governor 119
- age structure
 - of convicts 33
 - of male convicts 47–8
 - of population 36
- agency associations 100
- Agent General for Emigration in Britain 23, 24, 26
- aggregate economic expansion 96–7
- agricultural development, NSW and Van Diemen's Land 185, 206
- agricultural export earnings 191–3
- agricultural output, and demand for labour 111
- agricultural products, sale to Commissariat 104
- agricultural 'revolutions', in Britain 111
- agriculture
 - and pastoral activity 180–1, 184–6
 - importance of for colonial survival 171
- allocation of convicts between public and private projects 21, 121, 123, 124
- allocation of private sector convicts, preference system 124
- allocative procedures, systematised 125
- American Revolution
 - and loss of whaling interests 175
 - and mercantilist policies 118
 - impact on convict transportation 10
- apprehension of criminals 13
- armed services fiscal organisation 58–9
- army paymaster's bills 64
- Asia
 - exports to 193
 - imports from 164, 207
- assigned convicts 35, 55, 118, 123, 149
 - allocation to closely settled areas 124–5
 - as rewards for services 73
 - public rations for 69–70
 - value of 73
- assistance incentives, for migration 20, 21

- assistance schemes, for migration 19, 21
 assisted immigrants
 and conflicts of interest between colonists and Britain 24
 paupers as 19, 26, 27, 83, 92, 131
 sent largely to New South Wales 27
 assisted migration 18–19, 20, 25–6, 55
 organisational structure for 23–4
 assisted migration systems 24
 Atlantic fisheries, as source of oil products 174–5
 Audit Office of Treasury 61
 auditing of colonial accounts 55
 Australia Company 164
 Australian Agricultural Company 26, 130, 181
 land grant to 184
 pastoral and agricultural undertakings 187
 authorised fees for official services 73–5
- Bank of New South Wales, establishment 133
 banking 133–4
 as function of Commissariat 65, 67, 91, 133, 148
 banking institutions, establishment of 133, 134
 barter activity 65, 132, 133, 134
 Bathurst-Monaro, settlement around 181, 184
 Bigge, Commissioner 3, 5, 60, 81, 100
 on fiscal reforms 60, 70, 82
 on privatisation 120, 147
- bills
 issue of
 by Commissariat 64, 69
 chargeable on British government 60, 61
 see also Governors' bills; military bills; Treasury bills
- Bills to self 66
 birth rates, undercount in 33
 births, Australia 1788–1850 30, 31
 black markets 135
 Bligh, Governor
 deposed by military junta 143
 use of Commissariat for private benefit 66
- bounty agents 24
 bounty hunters 26
 bounty payments, recoup of 24–5
 bounty system
 and Wakefield's principles 24
 of assisted immigration 24
 weakness of 26
- Brideswells 17
 British and Australian fiscs, broad relations
 between, to 1821 68–70
 British, Anglo-Indian and Australian businesses,
 establishment 100, 101
 British appropriations, for official salaries 72, 84
 British-colonial fiscal relations 59
 British-colonial fiscal system, redesign 3
 British Colonial Office 122
 British-colonial tensions and adaptations 84–5
 British commitment to the colony, narrowing of
 84–5
 British Committee of Inquiry into Transportation 4,
 98
 British Crown title to colonial lands 83, 84, 89, 121
 British cutbacks to public fiscal support of
 Australian development 86–93
- British domestic expenditure processes 58
 British domestic revenue sources, pre-1800 58
 British fiscal characteristics 57–60
 British fiscal support, uncertainty of 85
 British goods, availability 164, 207
 British investment in Australia 182
 British justice 14
 British law, established in Australia 136
 British policy changes, to colonisation 23
 British population size, and potential criminals 12
 British price levels, effect on Australian imports
 169
 British public expenditure, 1822–1850 85, 86

 British restructuring, and perfect markets 115–18
 British ships
 Australian cargo handling 135
 freight charges 170
 British skills, and skill use in Australia 51, 207
 British society and economy, transfer to Australia
 108
 British spending on NSW and Van Diemen's Land
 61, 62
 British troops, dispersed around colonies 59
 British wool imports
 by origin 176, 177, 178
 demand for specific wool types 176, 186
 budgetary factors, and capacity to transport 17
 budgeting, real, within the penal system 71–2
 building and construction
 funding of 88
 in NSW 146
 in Van Diemen's Land 146
 under Governor Macquarie 80, 147
 building skills 46
 business cycle, and Australian economic
 development, 1810–1850 223–6
 business fluctuations, and criminal behaviour 12
- Canada, migration to 23
 capital inflow
 and gross domestic product 100–1
 as external factor inputs 100–2
 drop in 225–6
 capital markets 122, 132–4
 capital offences, list of 11, 12
 capital transfers to the colonies 54
 capitalist employers
 as free immigrants 22
 subsidised transfer of 23
 cargo handling, by British and Australian ships 135
 Census data
 accuracy of 32–3, 35–6
 and population projections 34–5
 Great Britain, 1841 and 1851 114, 115
 Census data 1828
 colonial births 29
 free immigrants 21–2
 occupations 50–1, 156–7
 Census data 1841 36
 Census data 1851 36
 cheap labour, in urban factories 113
 children, colonial born 28–9

- China
 exports to 179
 imports from 164, 165
 churches 83, 150
 civil composition, of population 38–9
 civil establishment, funded by Colonial Fund 88, 89
 civil official salaries 72
 civil officials and their families, as immigrants 19, 20
 civil service goods supplies, purchases 91
 civil status
 of female workforce 41–3
 of male workforce 40–1
 clergy 92, 160
 climatic factors, impact on sheep breeds and settlement extension 181–2, 186, 188
 clothing and textiles, production 168
 coal 113, 172, 193
 colonial accounts, auditing 55
 colonial administrators, as immigrants 20
 Colonial Agent 61
 Colonial Agent's transfers 235–6
 colonial births, and immigrant inflow 31
 colonial born 28–31, 37
