Acknowledgments

I am grateful to the following publishers for permission to reprint articles that appeared originally as cited below. I have made a few minor changes in text and documentation, and in two cases I have dropped subtitles.

Many thanks also go to the *European Economic Review* and North-Holland Publishers for permission to reprint “Real Exchange Rate Behavior Under Alternative International Monetary Regimes: Interwar Evidence,” from vol. 32, 1988; to the *Rivista di Storia Economica* to reprint “Understanding 1921–1927: Exchange Rates and Economic Recovery in the 1920s,” from second ser., vol. 3, International Issue, 1986; to the *Economic Journal* and the Royal Economic Society to reprint “Bank Rate Policy Under the Interwar Gold Standard: A Dynamic Probit Model,” from vol. 95, no. 379, 1985; to *Explorations in Economic History* and Academic Press to reprint “The Bank of France and the Sterilization of Gold, 1926–1932,” from vol. 23, no. 1, 1986; to Cambridge University Press to reprint “International Policy Coordination in Historical Perspective: A View from the Interwar Years,” from Willem Buiter and Richard Marston (eds.), *International Economic Policy Coordination* (Cambridge and New York, 1985); to MIT Press for permission to reprint “The Economic Consequences of the Franc Poincaré,” from Elhanan Helpman et al., *Economic Effects of Government Expenditure* (Cambridge, MA, 1988); to the International Finance Section and Princeton University Press to reprint “Sterling and the Tariff, 1929–32,” from *Princeton Studies in International Finance* no. 48, 1981; to the *Journal of Economic History* and the Economic History Association to reprint “Exchange Rates and Economic Recovery in the 1930s,” from vol. LXV, no. 4, 1985; and to the Brookings Institution to reprint “Hegemonic Stability Theories of the International Monetary System,” from Richard Cooper, Barry Eichengreen, Randall Henning, Gerald Holtham, and Robert Putnam, *Can Nations Agree?* (Washington, DC, 1989).
