

Cambridge Architecture: A Concise Guide offers a brief, illustrated introduction to the architecture of Cambridge, using selected examples of buildings from the middle ages to the present day as the basis for an investigation into architecture itself. The author describes the way in which buildings are composed and how they may in turn be 'read', and introduces a number of levels of interpretation to those who may be unfamiliar with looking at buildings. Issues of iconography, questions of ethics, and the ways in which architecture may mirror society or indicate significant changes of taste are all touched upon.

The examples chosen are treated chronologically, but with frequent cross-referencing. Each chapter contains a map, locating the examples discussed, and notes for further reading. The book is aimed at anyone interested in the history of architecture, and assumes no previous technical knowledge of the subject.

Acknowledgements

1–3, 5–7, 9, 10, 12, 13, 15–25 and 27–31, photographs © James Austin, by permission of the Master and Fellows of Corpus Christi College, the Vicar of the Round Church, the Master and Fellows of Trinity College, the Master and Fellows of Jesus College, the Provost and Fellows of King's College, the Master and Fellows of Gonville and Caius College, the Master and Fellows of Christ's College, the Master and Fellows of Clare College, the Master and Fellows of St Catharine's College, the Master and Fellows of Peterhouse, the Master and Fellows of Downing College, the Principal and Fellows of Newnham College, the Bursar, Master and Fellows of Churchill College, the Secretary of the Faculty Board of History, the Master and Fellows of St John's College, the President and Fellows of Clare Hall, and the Master and Fellows of Fitzwilliam College.

The plan of Queens' College (4) is reproduced by permission of the Royal Commission on the Historical Monuments of England and the section through the Library of Trinity College (14) by permission of the Warden and Fellows of All Souls' College, Oxford. Drawings of Harvey Court (26) are reproduced by permission of Sir Leslie Martin, Colin St J. Wilson and Patrick Hodgkinson.

I am indebted to James Austin for his photographs and to a number of colleagues in the Cambridge Historic Buildings Group for suggestions and criticisms, in particular Anthony Baggs, Thomas Cocke and Deborah Howard. I have benefited from conversations and correspondence with E. F. Mills, Berenice Schreiner, Kevin Taylor and others. Naturally the responsibility for errors of fact and judgement must remain mine. I must also thank my family and members of my practice, who have been patient with the demands on my time that this book has entailed, and Penny Hatfield who did most of the word processing.
