EDITORIAL NOTE

This series of *Reports* contains the texts of Decisions, Awards, Awards on Agreed Terms, Interim Awards, Interlocutory Awards, Interim and Interlocutory Awards, Selected Orders and Refusal Cases emanating from the Iran-U.S. Claims Tribunal set up under the Claims Settlement Declaration to which the Governments of Iran and the United States adhered on 19 January 1981.

The present volume contains material dated during the period 11 October 1986 to 31 December 1986.

Decisions are rendered by the Tribunal in cases arising directly between the Governments of Iran and the United States. The word is also used by the Tribunal to describe its conclusions on some procedural aspects of individual claims.

Awards are rendered in respect of claims by individual claimants, as are *Interim Awards*, *Interlocutory Awards*, *Interim and Interlocutory Awards* and *Awards on Agreed Terms*.

Refusal Cases are ones in which there has been an appeal from a refusal by the Registrar to accept the filing of a claim.

All known *Decisions*, *Awards* and *Refusal Cases* are printed in these *Reports*, to the extent that they are made public.

Because most *Awards on Agreed Terms* follow much the same pattern and are individually of little legal significance, in this volume only a single example of such an Award, together with the text of the relevant Settlement Agreement and the Joint Request for an Arbitral Award on Agreed Terms, is printed. A full list of all *Awards on Agreed Terms* rendered during the period covered in the volume is to be found on page 370.

Selected Orders are selected from the many hundreds of interlocutory orders which the Tribunal or its Chambers make at various stages of the proceedings. The choice has been made on the basis of availability to the *Reports* and has been further limited by the exclusion of those which appear to be of only limited or transient significance.

Careful consideration has been given to the question of the extent to which it would be appropriate to edit the texts issued by the Tribunal. The conclusion has been reached that it would be better if no changes were made, even though this means that it may occasionally look as if there have been lapses in printing. The reader is assured that special care has been taken in checking the proof.

The materials are printed in chronological order — on the basis of the dates on which they were signed. In some cases, dissenting or separate opinions have been filed by one or more Members of the

Tribunal after the date of signature of the *Decision*, *Award* or *Order*; and in other cases a separate or dissenting opinion may relate to more than one claim. In such situations, the order of appearance of the dissenting or separate opinion is regulated by the date of the signature it bears. The absence of a dissenting opinion of which the existence is in some way indicated in the printed texts means only that the document has not yet been released.

Editorial footnotes are identified by the enclosure within square brackets of both the footnote indicator and the footnote itself. All other footnotes are printed as they appear in the original texts.

The Index is limited to matters dealt with in the argument of the Tribunal or Chamber in each *Decision* or *Award* or in the separate, concurring or dissenting opinions of individual Members, and does not cover matters appearing in the facts or in the arguments of the parties.

The Index and Tables of Cases of the present volume have been consolidated with those of the earlier volumes. There is also a separate Table of Cases for cases in this volume.

If further material dated within the period covered by this volume should become available, it will be printed in a later volume of the *Reports*.
