AFROTOPIA

THE ROOTS OF AFRICAN AMERICAN POPULAR HISTORY

Afrocentrism and its history have long been disputed and controversial. In this important book, Wilson Moses presents a critical and nuanced view of the issues. Tracing the origins of Afrocentrism since the eighteenth century, he examines the combination of various popular mythologies, some of them mystical and sentimental, others perfectly reasonable.

A level presentation in what is often a shouting match, *Afrotopia: The Roots of African American Popular History* is a rich history of black intellectual life and the concept of race.

Wilson Jeremiah Moses is Professor of History at the Pennsylvania State University. His many publications include *The Golden Age of Black Nationalism*, *Black Messiahs and Uncle Toms*, and *The Wings of Ethiopia*.

ACKNOWLEDGMENTS

In the course of writing a work of this sort, many debts are incurred. Eric Sundquist encouraged me to submit the manuscript to Cambridge University Press, where it was acquired by Susan Chang. The manuscript was given a most insightful and helpful reading by Anne Sanow, who was my principal guide along the road to publication. Thanks are also due to my patient and skillful production editor, Janis Bolster, and my exceedingly diligent copy editor, Nancy Landau. My wife, Maureen Moses, gave thorough readings to the manuscript and the page proofs and also assisted with the index.
