Every effort has been made in preparing this book to provide accurate and up-to-date information which is in accord with accepted
standards and practice at the time of publication. Although case histories are drawn from actual cases, every effort has been made to disguise
the identities of the individuals involved. Nevertheless, the authors, editors and publishers can make no warranties that the information
contained herein is totally free from error, not least because clinical standards are constantly changing through research and regulation. The
authors, editors and publishers therefore disclaim all liability for direct or consequential damages resulting from the use of material
contained in this book. Readers are strongly advised to pay careful attention to information provided by the manufacturer of any drugs or
equipment that they plan to use.
