Introduction

Who is this book for?

Test Your English Vocabulary in Use (Pre-intermediate and intermediate) is designed to help students assess their vocabulary learning. It can be used independently as a testing book, or by learners who are using *English Vocabulary in Use (Pre-intermediate and intermediate)* and want to assess their progress. Learners can use this test book on their own, but it can also be used by a teacher working with groups of students in a classroom.

For those who have not worked with *English Vocabulary in Use (Pre-intermediate and intermediate)*, this book is recommended for learners at intermediate level.

How is the book organised?

Tests 1–3 correspond to Units 1–3 in *English Vocabulary in Use (Pre-intermediate and intermediate)*; the remaining tests all test vocabulary in the corresponding units of *English Vocabulary in Use (Pre-intermediate and intermediate)*. The Contents page shows you how the tests are grouped by category. Every test is independent and you do not need to do the tests in a particular order, as they do not become progressively more difficult.

Each test has a total of 30 marks, and the number of marks for the exercises is given within each test. There is an Answer key at the back of the book.

Some words in the Answer key are also given in phonemic symbols, to help with pronunciation. A list of the phonemic symbols is given on page 142.

Also at the back of the book, you will find a Personal diary. Here, you can make a note of the words you found difficult to remember.

How to use this book

If you are working alone with this book, first look at the Contents page, and choose the tests that interest you. You will find different types of vocabulary test, such as tests on word formation, tests on different topic areas, tests on linking words. Try to do different kinds of test to give you variety. Remember, you do not need to do the tests in a particular order.

If you are using *English Vocabulary in Use (Pre-intermediate and intermediate)*, you can use the tests after finishing a unit from the book. You can do this immediately after finishing a unit, or wait a while, e.g. a week, and use the test as a revision exercise.

You can use the tests more than once by writing the answers in pencil and rubbing them out when you have checked your answers. Alternatively, you can write your answers on a separate sheet of paper.

When you have checked your answers, you can write any words you had problems with in your Personal diary.

The marking scheme

You will find notes on the marking scheme at the beginning of the Answer key on page 104. The marking scheme is just to give you an idea of how well you know the vocabulary, but you do not have to use it.
