The life of Debussy

Musical lives

The books in this series will each provide an account of the life of a major composer, considering both the private and the public figure. The main thread will be biographical, and discussion of the music will be integral to the narrative. Each book thus presents an organic view of the composer, the music, and the circumstances in which it was written.

ACKNOWLEDGEMENTS

I am glad to express my indebtedness to the other members of the five Rs, Robin Holloway, Roy Howat, Richard Langham Smith and Robert Orledge, whose combined expertise and enthusiasm have contributed so much to our knowledge of Debussy and his music and who have, wittingly or not, through their writings and through many friendly conversations, started several of the hares pursued in this book. They cannot be held responsible for the success or otherwise of these pursuits.

Author's note

To avoid burdening the pages with reference numbers, I have made efforts to include in the text itself enough information to enable those readers who want to follow up references to do so. Debussy's newspaper articles can be found in English translation in *Debussy on Music*; his letters likewise in *Debussy Letters*; and reminiscences from friends and contemporaries in *Debussy Remembered*. Details of these and other relevant volumes in English may be found in Further Reading at the back of the book, pp. 174–6 below.
