- Aftalion, Arthur, 88*n*
 agency resources, limiting use of, 110
 Aghion, Philippe, 21*n*, 64, 128*n*
 agriculture, 47–49
 Albania
 cumulative liberalization index and: 67;
 external finance and growth, 42, 43;
 fiscal deficits and inflation, 52;
 growth–liberalization relationship,
 28–30; growth–stabilization relation-
 ship, 34, 35; inflation–liberalization
 relationship, 28, 32, 33; investment
 and growth, 43; monetary develop-
 ments and inflation, 56; political
 freedom and degree of liberalization,
 58, 60; structural change and growth,
 47–9; unemployment and growth, 45
 Enterprise Restructuring Agency (ERA),
 114–15, 119–21
 Alchian, Armer, 129*n*
 Anglo-Saxon model of corporate
 governance, 131–33
 Anker, Richard, 65
 Anušić, Z., 213*n*, 216*n*, 220, 230
 Armenia, 25
 contraction of output in: changes in
 GDP, 74; degree of, 92, 93, 95–7;
 export and output changes, 90; terms
 of trade, 85; total and intraregional
 trade (1990), 82; trade collapse, 86, 87;
 trade with rest of world (1990–93), 88;
 trade with rest of world as share of total
 trade (1990 and 1993), 83
 cumulative liberalization index and: 28,
 67; external finance and growth, 43;
 fiscal deficits and inflation, 52; inflation–
 liberalization relationship, 28, 32;
 investment and growth, 43; monetary
 developments and inflation, 56;
 political freedom and degree of liberal-
 ization, 58, 60; structural change and
 growth, 47, 48; unemployment and
 growth, 44–6, 45
 Ash, Timothy N., 143, 144, 146
 Aslund, Anders, 60*n*, 263*n*
 assets, inventory of, 322
 Auerbach, A. J., 131
 Azerbaijan
 contraction of output in: changes in
 GDP, 74; degree of, 92, 93, 95–7;
 export and output changes, 90; terms
 of trade, 85; total and intraregional
 trade (1990), 82; trade collapse, 86, 87;
 trade with rest of world (1990–93), 88;
 trade with rest of world as share of total
 trade (1990 and 1993), 83
 cumulative liberalization index and: 68;
 external finance and growth, 43; fiscal
 deficits and inflation, 52; growth–liber-
 alization relationship, 28; inflation–
 liberalization relationship, 28, 32;
 investment and growth, 43; monetary
 developments and inflation, 56;
 political freedom and degree of liberal-
 ization, 58, 60; structural change and
 growth, 47, 48; unemployment and
 growth, 45
 balanced equity shares, 136, 147
 balance of payments
 data limitations, 19
 growth and, 42, 43
 Balassa, Ákos, 193*n*
 Balcerowicz plan, 158
 Balcerowicz, Leszek, 17*n*, 19*n*, 31, 46, 51, 60,
 63, 64*n*
 Baltic states, macroeconomic stabilization
 in, 256–79
 areas for future research, 278–9
 background and general developments,
 258–61
 conclusions, 277–8
