vocalization in, 9–11
- Ritualization (of gestures), 90
- Ritual semblances, 119
- Roars, 45, 46
- Screaming, 11, 43, 46, 51
- Secondary circular reactions, 46,
142, 153–154
- Second-order hierarchical
cognitions, 167–168
- Self-pretend, 127
- Sequential memory
in children, 205–207
in nonhuman primates, 190–193,
230
- Serial probe recognition (SPR),
190–191, 193, 200
- SES. *See* Socio-economic status
- Siswoyo, 195–196
- SLI children. *See* Specifically
language-impaired children
- Social cognition module, 217
- Social tool use, 140
- Socio-economic status (SES), 16, 35
- Sound—meaning correspondences,
42–77
- in nonhuman primate calls,
43–51
playback experiments, 48–51
spontaneous calls of great apes,
43–48
- in prelinguistic infants, 51–76.
See also Infants,
sound-meaning
correspondence in
prelinguistic
- Spatial memory
in children, 202–203, 206,
209–210
in nonhuman primates, 187–190,
230
- Specifically language-impaired (SLI)
children, 136–138, 199–201,
209–211, 230
- Specificity hypothesis, 163–165
- SPR. *See* Serial probe recognition
- Squirrel monkeys, 220
object concept in, 157–158
vocalization in, 9
- Suaq Balimbing Research Station
(Sumatra), 147
- Supinah, 195
- Swedish infants, 38
- Symbolic gestures, 78–80, 111–126,
139, 216, 223
communicative gestures vs.,
78–80, 111–112
in human infants, 112–113,
116–126
older group, observation of,
118–119, 124
younger group, observation of,
116–117, 123–124
and language, 121, 122,
124–126
in nonhuman primates, 114–116,
119–120
symbolic play vs., 126
terminology for, 111

277

- theoretical views on, 112–114
 Symbolic play, 112–114, 125–139
 complexity of, 133–134
 cultural influences on, 132
 by deaf children, 138
 and language development,
 130–134
 McCune's levels of, 127–131,
 133, 136
 in SLI children, 136–138
 symbolic gestures vs., 126
 Symbolic reference, 221–223
 Symbolization, 228–229
 Symbols, 113
- Tai forest, 144–146, 187
 Tanjung Puting Reserve (Borneo), 84,
 148, 194, 195
 Teaching, 50, 146, 220–221
 Temper tantrums, 11
 Tertiary circular reactions, 142,
 153, 154
 Threat gestures, 85–86
 Tongue, 7–8, 14–15, 221
 Tool use
 in human infants, 158–162,
 165–166, 169
 assessment methods, 141–152,
 160–162
 and communications, 158–160,
 165–166
 and mimetic expression,
 218–219
 in nonhuman primates, 140–155
 captive and ex-captive
 apes/monkeys, 148–153
 definition of tool use, 141
 and delayed imitation, 195–196
 and evolution of language,
 140–141
 and Piagetian circular reactions,
 142, 153–154
 wild apes, 144–148
- Upright movement (context for
 infant vocalizations), 59
 Uzgiris—Hunt scales, 141–143,
 151, 155–156
- Vegetative sounds, 13–14
 Vervet monkeys
 alarm calls of, 220–221
 sound—meaning correspondences
 in, 49–51
 Visual memory, 203–207, 209–211,
 230
 Vocables, 51
 Vocabulary
 and babbling, 33–34
 and communicative gestures,
 107–108
 and memory, 197–199
 Vocal cords, 8
 Vocalizations, prelinguistic, 1–41
 babbling
 environmental influences on,
 35–39
 features of, 30–32
 and first words, 32–34
 communicative gestures, coordina-
 tion with, 97–102, 104
 definition of, 1–2
 and later language, 34–35
 and nonhuman primate
 vocalizations, 2–6, 19
 over first year of infancy, 13–19
 phylogenetic origins of, 2–6
 and physiology of vocal tract,
 6–11, 18
 during transition to language,
 20–32
 babbling, 16–39
 phonetic preferences, 20–30
 Vocal tract
 development of human, 8, 14–15
 human vs. nonhuman primate,
 6–11
