- class (*cont.*)
 and service relations, 37
 and symbolic power, in Bourdieu, 102–7
 and the state, 161; in Bourdieu, 105–6
 as a noun and as an adjective, 8
 boundaries, shifting, 177
 concepts of, 2–3, 121–8, 154–5
 difference between class location and, 19
 difference between party and, in Weber, 33
 difference between status group and: in Weber, 33; in Bourdieu, 84, 95
 discursive construction of, in Bourdieu, 102–7, 115
 influence of, 50, 71, 135; declining, 171–3, 174–8
 Marxist concept of, 23–5
 mobility, 186; in Bourdieu, 89
 objective vs. subjective, 169, 183–5
 operationalization of, 35–6
 relational vs. gradational concepts of, 185
 schema, 35–6; level of disaggregation, 76–9
 trajectories, in Bourdieu, 89
- class agency
 in Bourdieu's class analysis, 92–5
 in Durkheimian class analysis, 69–71
 in Marxian class analysis, 20–1
 in rent-based theory of exploitation, 145–9
 unions and, 147
- class analysis
 and historical/comparative analysis, 30
 approaches to, 2–3, 180–91
 Bourdieu's approach to: *see* Bourdieu, class analysis in
 critique of, 152–3
 definitional approach to, 31
 distributional location in, 183
 Durkheimian: *see* Durkheimian class analysis
 emancipation and, 191
 explanatory goals, 21–3, 154–5, 180–91
 key questions of, 180–91
 macro- and micro-, 19–20, 54–7, 60, 65–72, 76–81
 Marxist: *see* Marxist tradition of class analysis
 nominal approach to, 31, 51, 121
 post-: *see* post-class analysis
 realist approach to, 52, 65–7
 rent-based, 119–48
 unit of, 47–9, 66
- Weberian: *see* Weberian tradition of class analysis
- class conflict
 different approaches to, 188–9
 in Marx, 21, 28
 in Bourdieu, 100
- class consciousness
 in Durkheimian tradition, 57–9, 68–9
 in Marxist tradition, 21
 in Weberian tradition, 33
- class formations, 21
- class interests, 20
- class locations
 allocation of people to, 17
 and distribution of economic activities, 22
 and distribution of income, 22
 and occupations, 43–7
 and subjective experiences, 15
 complexities in 15–16, 18–19; sources of, 16–19
 contradictory, 16–19
 differences between classes and, 19
 families and, 18, 47
 in Marxist tradition of class analysis, 14
 number of, 19
 strata and, 18
 temporality of, 17–18
 two-class model of, 15
- class relations
 and power, 28–29
 and property rights, 12–13
 articulation of, 13
 coercion and consent in, 29–30
 coexistence of different, 12
 complexity of, 12–14
 historical variation of, 190
 ideologies in, 29–30
 in capitalism, 11
 in feudalism, 11
 in slavery, 11
 interpenetration of, 13
 mediating locations within, 18
 rights and powers in, 16–17
 variations in, 10–11
- class situation, in Weber, 35
- class structure, 19
 cross-national variation in, 63–5
 employees in, 38
 farmers in, 38
 German, 63–5
 in Bourdieu, 86–90
