

## INDEX

*N.B.*: The various churches, confraternities, streets, etc. of Rome are indexed individually by name. Non-Roman sites and organizations are indexed by city. Places named for saints (e.g., churches) are alphabetized by the saint's name, regardless of whether it's preceded by S. (San, -ta, to), Ss. (Santi), or SS. (Santissima, -mo, -mi); but English St. (e.g., St. Peter's) is treated as though spelled "Saint." Figures are indexed by page number, shown in boldface italics.
