

## Index

*Note:* This index concentrates on legal issues as decided by the relevant judicial or quasi-judicial body. Facts, summaries (except where they are the only record) and parties' arguments are very lightly indexed, concentrating on points necessary to an understanding of the legal argument. Material relating to treaties and treaty interpretation is usually indexed by concept. For entries by article, readers should consult the Table of Treaties.

- Acheloos River, diversion of waters 233–5
  - environmental impact assessment, need for comprehensive 231, 234–5
  - risks to natural environment in affected area 230–1, 233–4
    - multiplier effect 234
  - Wetlands of International Importance
    - Especially as Waterfowl Habitat, Ramsar Convention for the Protection of (1971) and 230–1, 233
- acquired rights
  - licence as possession under European Convention on Human Rights (1950) 477, 480, 489–91
  - repeal of legislation, effect 315
- Agenda 21 (1993) 272, 275–6
- Ainu people
  - as indigenous people 297–8, 301–2
  - irreversibility of damage 298
  - Japanese policy towards 302–3, 305–6
  - as minority people 296–7, 299
  - right to enjoy culture 297, 299–302, 304–6
  - See also* Japan; Saru River, impact of dam projects on indigenous people
- aliens
  - right to seek remedy/participate in consultative process 211, 212, 214, 221
  - territorial sovereignty and 224
- Alma-Ata Conference on Primary Health Care (1978) 400, 401
- Antarctic Treaty, Protocol on Environmental Protection (1991)
  - Antarctica as sovereignless continent 522–4
  - domestic law, conflict 517–18, 524
  - entry into force (as of May 2000 not in force), relevance 517–18, 524
  - environmental impact assessment
    - activities having minor or transitory impact 516
    - compatibility with domestic requirements 517–18, 524
    - cooperation with other States in Antarctica, risk to 518, 524–5
  - US environmental legislation, application to Antarctica 514–27
  - waste disposal 514–27
- applicable law
  - Atuel River (Argentina) 2, 11
  - federal States 2, 11
  - international watercourses 11, 211, 212–13, 214, 215
    - choice of law by parties 342–3
    - customary international law 341, 342–3
    - domestic law of forum 341, 342–3
  - municipal authorities 118
- arbitrary act 134, 138
- Argentina
  - applicable law, inter-provincial disputes 2, 11
  - Atuel River. *See* Atuel River (Argentina)
  - Constitution 1860
    - Art. 67 (creation of territory) 4
    - Art. 109 (inter-provincial disputes: jurisdiction) 2, 12
  - equitable utilisation principle 4–5

- Argentina (*cont.*)  
 inland waterways, bed as public resource to be held in trust for future States 3–4  
 Law 12.650 (Agreement between Mendoza and National Government (1941)) 2, 4  
 applicability to La Pampa 2–3, 12  
 public land, whether constituting disposal of 2–3, 4  
 Arun III hydro-electric project (Nepal) 330

 Antarctic Treaty, Protocol on Environmental Protection (1991)  
 domestic law, conflict 517–18, 524  
 entry into force (as of May 2000 not in force), relevance 517–18, 524  
 environmental impact assessment  
 activities having minor or transitory impact 516  
 compatibility with domestic requirements 517–18, 524  
 cooperation with other States in Antarctica, risk to 518, 524–5
- Constitution  
 Art. 1(8) 493  
 Art. 2(2) (treaty-making power) 493  
 Art. 3(2) (jurisdiction: case/controversy) 530–1, 533–6  
 burden of proof 532  
 continuing violation attracting civil penalties 531  
 deterrence resulting from public penalty and 532  
 Art. 6 (treaties: supremacy) 493–4  
 Tenth Amendment (reservation of powers to States) 492, 493
- democratic participation, enforcement of public law by private individual and 532
- endangered species  
 definition 499  
 designation as, responsibility for 502–3  
 environmental impact assessment, need for in major federal action significantly affecting human environment 517  
 growing threat 504–6  
 legislative powers (federal) 492  
 strict/absolute liability 501, 503–4  
 ‘threatened species’ 506 n. 25
- environment, international cooperation, as duty 525–6
- environment/development, balance  
 endangered species, protection of 502  
 cost to public purse 501, 503–4  
 foreign policy interests and 518, 524–5  
 hardship exemptions, State agency 501  
 public interest and 517, 521–2
- environmental impact assessment. *See* Antarctic Treaty, Protocol on Environmental Protection (1991) *above*; law of, Environment Act (42 USC 4321) and Executive Order 12114 (3 CFR 356 (1980)) *below*
- injunction  
 compliance with law, relevance 529–30, 531, 537–40  
 discretionary nature 512–13, 531–2  
 incompatibility of environmental/non-environmental obligations including foreign policy interests and 518, 524–5  
 legislation post-dating commencement of work 500, 502, 503–4  
 legislature’s continuing commitment of public funds, relevance 500, 501–2, 503–4
- inter-State rivers, equitable utilisation principle 2–3
- interim measures, suspension of activity, sufficiency of environmental analysis, determination of 518, 526–7
- judicial review  
 excess of authority, in absence of 500–1  
 timeliness  
 in case of clear breach of statutory provision 501  
 prejudice to operators, relevance 500, 501
- law of  
 Clean Water Act
