<i>Preface</i>	<i>page</i> vii
<i>Acknowledgments</i>	xi
<i>Glossary of transcript symbols</i>	xiii
1 The standardized survey interview	1
1 Introduction	1
2 Measurement error	2
3 Question characteristics	3
4 Standardization of the interviewer–respondent interaction	9
5 Probing inadequate answers	10
6 Interviewer effects or questionnaire effects?	11
7 The data used in this book	14
2 Interviewer–respondent interaction	17
1 Introduction	17
2 Conversation Analysis	18
3 The sequential organization of conversation	22
4 Repair	29
5 The preference organization of responses	33
6 Turn construction and turn taking	35
7 The collaborative construction of talk	36
8 Mundane conversation and institutional interaction	39
3 Participant roles	42
1 Introduction	42
2 Interviewers' production roles	45
3 Interviewers as spokespersons for respondents	50
4 Reception roles	54
5 The survey interview as a complex interactive frame	58
4 Recipient design	62
1 Introduction	62
2 Survey interviews versus ordinary conversations	64
3 How conversational is standardized interviewing?	69
4 Redundant interview questions and their uptake	69
5 Recipient design in questioning	76
6 Conclusion	85

vi	Contents	
5	Questioning-turn structure and turn taking	88
	1 Introduction	88
	2 Turn structure of survey questions	89
	3 Questioning-turn structure and sampling procedures	97
	4 [Question] + [Response Options] turn structure	99
	5 The response instruction component	102
	6 Building the response options into the question	104
	7 Conclusion	106
6	Generating recordable answers to field-coded questions	107
	1 Introduction	107
	2 Generating recordable answers	108
	3 The degree to which questions can be answered	116
	4 Reformulating unformatted answers	121
	5 Conclusion	126
7	Establishing rapport	128
	1 Introduction	128
	2 Interviewers' reactions to respondents' talk	130
	3 Reformulating scripted questions as no-problem questions	144
	4 Conclusion	151
8	Quality of Life assessment interviews	154
	1 Introduction	154
	2 Psychometrically valid questions	155
	3 Third-turn repair: presenting the scripted text as an optimistic yes-no question	156
	4 Interviewers reformulating unclear talk	160
	5 First-turn repair: presenting the scripted text as an optimistic yes-no question	164
	6 Dealing with inconsistent answers	166
	7 Frequency of answers generated by yes-no questions	170
	8 Conclusion	172
9	Implications for survey methodology	174
	1 Introduction	174
	2 Conversation analysis as a diagnostic instrument	174
	3 Detecting structural problems	177
	4 Generating new research questions on question formulation	180
	5 A quest for flexible standardized interviewing	180
	6 The cost of flexible interviewing	184
	<i>Notes</i>	185
	<i>References</i>	190
	<i>Subject index</i>	205
