William St Clair

Index

[More information](#)*Index*

I have included topics, themes, and arguments as well as significant mentions of persons, firms, and titles of books, although not fictional characters, and have grouped them in ways that I hope will prove helpful to readers. As far as the appendices are concerned, however, since many authors and titles are mentioned only once, often as part of a list, I have been more selective. I have, for example, indexed many individual titles under broad headings such as 'travel books'. Since the printed works by the many modern authors on which I have drawn are listed in the footnotes and bibliographies, I have included only a selection in the index. My hope is that these arrangements will help readers to find their way, to follow lines of inquiry, and to assess the conclusions without overloading them with unnecessary duplication.

ABCs, *see* schoolbooks

abridgements, 53, 66–83, 495–498

and readerships, 66, 436, as tranching down, 33, ballad versions of longer literary works, 342–343, clamp-down, 72–77, 99, 221, 355, 475, 695–697, flood after 1774, 118, 135–138, 507, in late-Victorian times, 424
