Cambridge University Press has no responsibility for
the persistence or accuracy of URLs for external or
third-party internet websites referred to in this publication,
and does not guarantee that any content on such
websites is, or will remain, accurate or appropriate.

Every effort has been made in preparing this publication to provide accurate and up-to-date information
that is in accord with accepted standards and practice at the time of publication. Although case histories
are drawn from actual cases, every effort has been made to disguise the identities of the individuals
involved. Nevertheless, the authors, editors and publishers can make no warranties that the information
contained herein is totally free from error, not least because clinical standards are constantly changing
through research and regulation. The authors, editors and publishers therefore disclaim all liability for direct
or consequential damages resulting from the use of material contained in this publication. Readers are
strongly advised to pay careful attention to information provided by the manufacturer of any drugs or
equipment that they plan to use.
