

Table of Contents

Preface.....	iii
CME Information.....	vii
Objectives	xiii
Chapter 1:	
Neurobiology of Depression	1
Chapter 2:	
Selective Serotonin Reuptake Inhibitors (SSRIs) and Serotonin Norepinephrine Reuptake Inhibitors (SNRIs)	41
Chapter 3:	
Norepinephrine and Dopamine Reuptake Inhibitors (NDRIs) and Selective Norepinephrine Reuptake Inhibitors (NRIs).....	71
Chapter 4:	
Alpha 2 Antagonists as Serotonin and Norepinephrine Disinhibitors (SNDIs) and Serotonin Antagonist/Reuptake Inhibitors (SARIs).....	83
Chapter 5:	
Monoamine Oxidase Inhibitors (MAOIs) and Tricyclic Antidepressants (TCAs)	97
Chapter 6:	
Building a Treatment Plan with Novel Treatment and Augmentation Options For Depression.....	111
Chapter 7:	
Depression in Women: Treating Symptoms Throughout the Life Span.....	129
Chapter 8:	
Pharmacokinetics and Algorithms to Treat Depression	143
Summary.....	165
Abbreviations and Symbols.....	166
Suggested Readings	167
Index.....	175
CME: Posttest	183
