## Index 3

### By editor

Includes names of those who have written introductions to texts edited by others.

Where the names of other editors and commentators are included in titles, these names are also indexed here. Where an editor is wholly responsible for a selection of texts issued under a series title, only the number of the series itself is given here.

### By place of publication (excluding London)

Where editions clearly identify a principal publisher, followed by a list of selling agents, only the location for the principal publisher is included here. For series where all volumes are published in the same location only the main series number is given, rather than the numbers for each individual volume. ‘Chiswick’ is treated as a London imprint.
